SERVICE COUNCIL TO SPONSOR WEENIE ROAST

Opening a summer's program of entertainment and activity for men in the armed forces, the Girls Service Council will hold a Weenie Roast and song fest on Wednesday evening, July 11th at Brandywine Park. Last year this proved one of the most popular and successful functions to be presented during the season. Miss Doris Blatman, president, has appointed a special committee to complete arrangements for this affair. All girls of the Council are urged to be present that evening.

At the Testimonial Dinner held in honor of Mr. Sollod, "Y" Executive who leaves for a new post in Baltimore, Doris Blatman, President, presented a beautiful ring as a token of esteem and appreciation for the council leadership given by him in furthering the program and interest of the Service Council. She expressed her regrets at his leaving, by extending the well wishes of the entire Council of 150 young women, in his new responsibilities.

Last Friday evening a large number of young women of the Council attended the religious service held at the Dover Army Air Base and furnished the refreshments for the social hour in conjunction with the Base dance held that night.

DEAR MOLLYE

The former "Word From The Front" is now "Dear Mollye. It has its reasons. Miss Sklut has undertaken a one-man correspondence with virtually every Wilmington boy who has left for service. Even the stranger in our midst writes "Dear Mollye."

A few days ago I hitch-hiked up to the town of Heidelberg where Aaron Sklut is stationed. It is about 75 miles from here and I arrived there sometime in the afternoon. I looked for hours and finally found out where he was living. As luck would have it, he was out on a four day tour with the band.

We are living in a large school-house which has showers and bathtubs for change. We have plenty of recreation such as baseball, basketball, horse-shoe, swimming, movies and ping-pong. Right now we are building a bridge in the city which should soon be finished.

About 200 yards from here is a Russian - Polish labor camp. We send in all our clothes to be washed and ironed for a bar of chocolate candy. The weather here is very hot, so almost every day you see the Poles and Russians in swimming.

Our mail seems to be coming in rather fast now, since we have been here for two weeks, the most we have ever stayed in one spot since leaving France.

It seems this point system is going to make a 30 year man out of me. I have a total of 31. Well, anyway, the Army says medics are essential. You mentioned in your letter about me eating a five layer cake while at DiJon. Mollye, all I can say is that it was the first layer cake I have tasted for a long time and I couldn't stop myself from eating so much. Anyway, Aaron, Henry and I had one swell time together and I won't forget it.

How is everything doing at the "Y" and what's new in town? I'm glad to hear that the "Y" Boys are doing alright. By the way, who won the basketball league? I heard something about Mr. Sollod leaving the "Y". Is that true?

That's all now Mollye. Say hello to all the "Y" Boys and Mr. Sollod, Sonny, Johnny. And don't forget the "Recorder".

(Pfc) Aaron Sloan

Dear Mollye:
Arrived at Columbia, S. C. and whom do I find here? . . . Sgt. Emile Cohen (now crooning for the Southern belles) and Georgie Samuel's in-laws.

Nothing would surprise me any-

more. Not even when they attached me to the same Special Service Office as Sgt. Cohen's.

To Mr. Sollod the very best of luck in his work. To Georgie Weiner nice goin' on a swell column.

To you my love.

(Pfc) Eddie Goldin

Dear Mollye:—

The last time I heard from Dave Cohen was two days ago. I can not understand his folks not receiving his mail in so long a time. When I write him again I'll bawl him out.

V-E is now in the past. One half this war is over and I believe the hardest fight is yet to come. I only hope I can get home before going to the South Pacific. It sure will be swell. One month of good old time; one month with my parents; a chance to see my brother. That's all I hope for. However, I'll have to sweat it out.

It would be nice to be able to eat a delicious banana-split. One . . . I mean two . . . three . . . , as many as I can eat. Mollye, it doesn't make any difference whether I eat it at Govatoe's or any other place. Just as long as it is in good old Wilmington. But enough of this dreaming.

I've been corresponding with several of my Frat brothers. I hear from Gil Spiegel, Len Allman, Matusoff, Dave Cohen and Jack Stape very often.

At present we are just sitting around and waiting. Waiting, but training very hard.

Dear Mollye:—

Glad to hear the good news about Ralph Tomases also the fact that some of the boys are getting home.

I was quite lucky with my injury. An H. E. shell landed about ten feet from me at the time of my injury and I was only in the hospital for thirty days. The best part of it was a 48 hour pass in Paris on my way back to my outfit.

I was told by someone of my correspondents about Mr. Sollod leaving. How in the world will we get along without him?

Regards to the gang.

Dear Mollye:

We just returned from a flight
to DiJon, France. While there we
played military parades and dances.

Everybody was glad to see us
again. It was a pleasure being in

a country where a smile means
something besides a means of get-
ting a softer peace.

Aaron Sloan is about 75 miles
from here. He came to Heidelberg
to visit me, but I was in DiJon.
He left a note and I'm going to
see him if I can.

Our band will probably take a
tour of Europe very soon. We start
our first leg of the journey this
week. We will cover DiJon, France
on Sunday . . . Darmstadt, Ger-
many and after that a week at
Halle, Germany. After that we
will receive more orders and keep
going.

Mollye, call my mother up and
see if she can send me a pillow.
A small one, I need it badly.

Yesterday, I and three other
boys rode to the top of the moun-
tains. Up to the observation
tower and out to a lookout post.
We took some pictures. I looked
through my field glasses and you
could see for miles across the
Rhine. It was a fine afternoon.

Well, Babe, take care of your-
self.

(Censored).

(Cpl) Aaron Sklut

Dear Mollye:—

I hope that this letter finds you
well and that everyone at the "Y"
is just as fine as ever. I did read
in the paper that Mr. Sollod is
going to leave the "Y" and I know
that we are going to miss him
very much because he has done
such an excellent job during the
time he was here. It will seem
very strange without him because
most of us can only remember the
"Y" with him in it and vice-verse,
but as long as it is an improve-
ment on jobs for him I know I join
you and the rest of the boys in
wishing him lots of luck and good
wishes and feel sure he will do a
very good job wherever he goes.
Be sure to make that a personal
regard from me. Although I am
not qualified to speak for the Sig-
ma Alpha Rho Fraternity, I know
they will all back me up when I
express all of our thanks to him
for all of the help he always gave
us to run our social affairs and
organization. So for all of us tell
him we will always miss him and
remember him for being so won-
derful a friend and leader.

The training here is just about
ready to fold up now and I expect
to ship out to Buckingham Field,
Fort Meyers, Fla. in the next week
or so for schooling on the B-29
bombers. I think Marty Sloan is
stationed there and if he is I wish
you would send me his address so
I can look him up when I do ar-

rive, as this will be the first time
I will have been stationed at the
field with one of the boys from
Wilmington.

I'll close now with regards to
everyone at the "Y" and please
don't forget my Recorder.

(Pfc) "Izzy" Salus

Dear Mollye:—

At long last, a breathing spell
when I can find time to write you
a letter which I have owed you for
several months. However, from
April 1st to V-E day our armor
was on the loose from the very
border of Germany, across the
Rhine, Main, Danube, and Inn
Rivers, until finally we ended up
in a little town of Haag, Germany,
30 miles from Munich. This rat
race was conducted under the
auspices of both the Seventh and
the famous Third Armies. Thank
God, this phase is over, but very
few of us are getting drunk or
screaming deliriously, for we re-
alize that our job is but half over.
Still, each day brings us one day
closer to final victory and home
and the loved ones that we'd like
to be with for good.

It was our fortune to liberate
127,000 Allied Prisoners on one
swoop. Another piece of Humanit-
arian work was the freeing of
many Jews in concentration camps
near Amphing, Germany. 600 of
these poor, miserable creatures re-
quired hospitalization for starva-
tion. You've never seen such
sights; living skeletons, who had
formally been prominent doctors,
lawyers, authors, etc. Their only
crime . . . they were Jews. By the
means of a cool, calculated, and
sadistic programs they were slow-
ly starved to death and then
beaten. When they died, they were
bones, and like cords of wood they
were buried in mass graves, un-
named and unmarked. I've seen
the graves of 2700 Jews with my
own eyes. Those dead were the
lucky ones I believe. However,
many Americans and Allied pris-
oners can and have told the same
stories. I feel revengeful, and be-
lieve that the entire German race
should be made to pay for these
crimes.

In accord with this sorrowful
tale is the fact that I even dread
to look on the last page of the
"Y" Recorder. The Jewish com-
munity of Wilmington has paid
more than its full measure in this
war so far, and it isn't over. So
many young boys I know, or whose
families I know are now just a
memory. My sympathy, poor com-
pensation as it is, goes to their
families. They have paid and done

The training here is just about ready to fold up now and I expect to ship out to Buckingham Field, Fort Meyers, Fla. in the next week or so for schooling on the B-29 bombers. I think Marty Sloan is stationed there and if he is I wish you would send me his address so I can look him up when I do ar-

rive, as this will be the first. I will have been stationed a field with one of the boys Wilmington.

I'll close now with regards everyone at the "Y" and don't forget my Recorder.

(Pfc) "Izzy" Sa

Dear Mollye:—

At long last, a breathing when I can find time to write a letter which I have owed you several months. However, April 1st to V-E day our was on the loose from the border of Germany, across Rhine, Main, Danube, and Rivers, until finally we ended in a little town of Haag, Germany 30 miles from Munich. This race was conducted under auspices of both the Seventh and the famous Third Armies. Thank God, this phase is over, but few of us are getting drunk screaming deliriously, for we lize that our job is but half. Still, each day brings us on closer to final victory and the loved ones that we're to be with for good.

It was our fortune to liberate 127,000 Allied Prisoners of war swoop. Another piece of humanitarian work was the freeing many Jews in concentration camps near Amphing, Germany. 6 million these poor, miserable creatures required hospitalization for starvation. You've never seen the sights; living skeletons, who formally been prominent doctors, lawyers, authors, etc. Their crime . . . they were Jews. By means of a cool, calculated sadistic programs they were slowly starved to death and beaten. When they died, they were buried in mass graves named and unmarked. I've seen the graves of 2700 Jews with my own eyes. Those dead were lucky ones I believe. How many Americans and Allied soldiers can and have told the stories. I feel revengeful, and believe that the entire German people should be made to pay for their crimes.

In accord with this sorrowful tale is the fact that I even had to look on the last page of the "Y" Recorder. The Jewish community of Wilmington has more than its full measure of war so far, and it isn't over yet. Many young boys I know, or families I know are now in memory. My sympathy, poor compensation as it is, goes to the families. They have paid and

day I have had since we landed
last month to write to anyone.
Here's hoping the lull lasts for
more than one day.

I hear from Chaplain Sam Sil-
ver rather regularly. Just had a
note from Bernie Greenberg. This
correspondence is becoming a prob-
lem.

By the time this reaches you,
some of the boys should be home
from the European theatre of War.
The lucky dogs! At least they can
look forward to some sort of a
furlough. With all this talk of
demobilization, most of us over
here can only look forward to the
end of the war, even tho' the Pa-
cific theatre is supposed to get
preferential consideration.

Tell the boys that we shall look
forward to seeing them here soon.
The sooner they all get here, the
sooner we all get home. This time
next year, I'd like to be shooting
the breeze with you down at the
"Y".

(Sgt) "Eddie" Budin

Dear Mollye:—

In the first weeks following the
end of the war there were many
loose ends that had to be picked
up and there wasn't much time
for correspondence.

The end of the war found me
in a little town called Erharting,
situated at the foot of the Bava-
rian Alps. For the first few weeks
we did a lot of police work; you
know, screening civilians, listening
to troubles, and keeping law and
order. We were relieved finally
and came down to our present lo-
cation; a city called Sandshuf, 20
miles east of Munich. There is
usually a movie in town at night
and if not, we read or write let-
ters. It's a very easy life, after
the past 12 months and although
the boys are anxious to get home,
they are enjoying the present si-
tuation.

In e l e v e n months of combat
here, our battalion shot down 30
planes and of this number, my bat-
tery shot down 15. That's not bad,
eh? In addition, 5 of my boys re-
ceived the Bronze Star for some
ground action we had on New
Years Day . . . So all in all we
are mighty proud of our record.
Now we are all sweating out what
is going to happen next. So far,
don't know a thing but we are
hoping for the best.

I expect to be placed in the
same area as Joe First's very
shortly and at that time I hope to
see him.

I saw in the Recorder that you

sent me, that the Board members
were entertaining the idea of a
bigger and better "Y" after the
war. That would really be a won-
derful project, Mollye, and I am
sure will be a feather in the cap
for Wilmington Jewry. When the
time comes that all of the "old
timers" return from the war, I'm
sure the present facilities will be
inadequate.

Even 4 and one half years ago,
when I joined the army, the space
and available time was at a pre-
mium at the "Y" and in the years
to come all of us will look to the
"Y" both for education and recre-
ation. A bigger and more beauti-
ful "Y" situated in a more suit-
able place, is what many of us
have been thinking about for a
long time. Let's hope our dream
becomes a reality soon.

That's about all for now, Mollye.
My best to everyone, my fondest
regards to Mr. Sollod and hoping
to see you soon.

Dear Mollye:—

V-E Day has come and was
taken quite soberly out here in the
Pacific. We're happy to see it
over, over there, and we're right
proud of our brothers who did such
excellent work. But we look ahead
to the tools in front of us. It will
not be easy, believe me!

Glad to hear that Eddie Euster
is back in the States. I still have
not had a chance to drop in on
Sid Harwitz but one never knows
when the opportunity will arise.
My congratulations to Byron Sa-
monisky on the new baby. That
should help him in his recupera-
tion. Sure hope Georgie Samuels
was not hurt too badly. He was
a favorite of mine at Delaware.

With the war in Europe over I
guess everybody at home will be
wondering whether their son or

from Europe. I have hopes that
Dad will be home before long. As
for me, I may be home in a couple
of months.

as usual felt as though I had re-
ceived a handful of mail. Sure is

Well, how is everything on the
home front these days? How are
the boys doing? Are any of them
getting out on the point system?
As for me, even with all the bat-
tle stars and time on the continent,
I can't even smell the top. So I

guess I'll be one of the last ones
out of this mess.

Your picture in the Recorder
with Mr. Sollod and Sonny and
Johnny were really good. I had
forgotten what everyone looked
like already. The pool and Audi-
torium looked very welcoming. I
read about our plans to spread out
a new building. I hope they are
successful.

If there is anything you want to
know, just give out as there is no
more censorship.

Dear Mollye:—

I suppose that the good ole home
town celebrated V-E Day in true
Wilmington style. I sure would
have liked being there.

I saw Dave Paiken the other
evening, and we really hashed up
some old memories. I hope that
this is the first step toward my
civilian days. I can dream, can't
I?

At present I am stationed just
outside of Munich. I have visited
the beer halls that Adolf made
famous, and also, Hitler's private
apartment. I also saw the con-
centration camp at Dachau . . .
and whatever you read about it,
was not exaggerated.

Will write more soon. Regards

Dear Mollye:

I'm back at Fort Dix, the same place I started from 27 months ago. It's still the same old place. However, there is one thing lacking... the atmosphere. One doesn't get the impression that anything is being accomplished, though I assure you that it is quite a tremendous operation that we're setting up. Once we get rolling and the initial difficulties are overcome, I'm sure

this place will take on the bustling and hustling appearance that was so characteristic of NCAAB. As soon as everything shapes up I'm going to slip out on a few trips. Flying is a lot of fun if from no other point of view than the fact that it takes you away from your home station. Besides writing letters, I'm working on a correspondence course to catch up on a few college credits of which I've fallen so far behind since being in the army.

You know that any news is appreciated, but then again I don't have to ask you to write. I take that for granted as do some 500 or 600 other fellows and girls. I've heard about the Testimonial Dinner that is being reredone Mr. Sollod. I doubt if I'll have the opportunity to see him before he leaves. So I want to take this occasion to wish him all the best in the world. The "Y" will miss him tremendously as will those who have come to know him. Without a bit of doubt he has been the backbone of 515 French St., and I say that in spite of the fact that I have not always been able to see eye to eye with him. No one can take away or deny that he was a conscientious worker. It will take a man with superior capabilities to be an ample successor. Best wishes to all.

Dear Mollye:—

Five days have passed since this little sailor boy departed from civilian life. Today we are no longer restricted to quarters and were allowed to go to the canteen where I immediately purchased cigarettes.

I reported in New York and from there passed right through Wilmington on the B & O train. The last thing I saw was the liquor tycoons joint at 16th and Lincoln, naturally I am referring to "Silver Star" Marty Balick.

Besides these boots making blisters on my heels and this brainless head of mine I must say this navy life isn't at all bad. Over 90 per cent of the men in my barracks are Southerners who are still fighting the civil war. Naturally I remain neutral at all times. In fact that drawl of their's has had some effect on me because they have muster I respond with a slow drawn out "heah suh". I am corresponding with Lou Keil, Bud Handelman, and Sammy Spiller outside a few (hundred) of the opposite sex.

The navy chow is good in fact if I like it, it has to be good. I

know that there are a lot of other fellows in the service who would appreciate more mail than me, but if you do have time I would really be glad to hear from you.

Dear Mollye:—

Thanks a million for your recent editions of the "Y" Recorder which I enjoyed reading... You are indeed doing a remarkable job in seeing that the service men in the community receives the paper. Occasionally I get a couple of chills when I think of some of our boys whom I personally knew, and who have sacrificed their lives and those who have been wounded. I wish them a speedy recovery and homecoming. It was a shock to hear that Herbert Rubenstein was killed in action. War is hell... Thank God that war has ended over here and we hope and pray for an early termination of the war in the South Pacific. I have 5 Battle Participation Stars to my credit and still I do not feel optimistic about receiving an early discharge. 61 points is the best I could get. If I would have been married and had a couple of kids... it would have helped.

Regards to all.

There have been a few changes made in this man's army and I am one of them. Our old company has broken up and most of the men that were in our old company left for the States yesterday. I feel like a lost pup.

We are to be occupational troops and when I will ever get to go home is the biggest problem that I have to confront. From the way it looks it will be 1947 before I ever get back, unless Congress passes a special bill getting me out.

Jerry Tannen's wedding is over and I am enclosing pictures of it. Rabbi Tavel did the honors. And by the way, they are both due to be leaving for the States before the month is over. Ruth, Jerry's wife, is due to leave the fifteenth of the month and they are both on the the Isle of Capri now. When he gets back, he is to be transferred to the first outfit going home in this area. So they might both get there about the same time.

Dear Mollye:—

Just a few lines to say "Hello" and let you know I am enjoying the best of health and still sweating out the future. Sure hope I get a break for a change and receive a chance to return home, but only the good Lord knows just what the future holds for me.

Rabbi Tavel called me on the phone a couple of days ago to say goodbye. He is probably already on his way home, if not home by now.

I was also thrilled to hear that Buddy Goberman has returned to the States. I can imagine how thrilled the Goberman's must be.

Please remember me to everyone.

Dear Mollye:

I'm back at Fort Dix, the same place I started from 27 months ago. It's still the same old place. However, there is one thing lacking... atmosphere. One doesn't get the impression that anything is being accomplished, though I assure you that it is quite a tremendous operation that we're setting up. Once we get rolling and the initial difficulties are overcome, I'm sure

this place will take on the bustling and hustling appearance that was so characteristic of NCAAB. As soon as everything shapes up I'm going to slip out on a few trips. Flying is a lot of fun if from no other point of view than the fact that it takes you away from your home station. Besides writing letters, I'm working on a correspondence course to catch up on a few college credits of which I've fallen so far behind since being in the army.

You know that any news is appreciated, but then again I don't have to ask you to write. I take that for granted as do some 500 or 600 other fellows and girls. I've heard about the Testimonial Dinner that is being reredereed Mr. Sollod. I doubt if I'll have the opportunity to see him before he leaves. So I want to take this occasion to wish him all the best in the world. The "Y" will miss him tremendously as will those who have come to know him. Without a bit of doubt he has been the backbone of 515 French St., and I say that in spite of the fact that I have not always been able to see eye to eye with him. No one can take away or deny that he was a conscientious worker. It will take a man with superior capabilities to be an ample successor. Best wishes to all.

Dear Mollye:—

Five days have passed since this little sailor boy departed from civilian life. Today we are no longer restricted to quarters and were allowed to go to the canteen where I immediately purchased cigarettes.

I reported in New York and from there passed right through Wilmington on the B & O train. The last thing I saw was the liquor tycoons joint at 16th and Lincoln, naturally I am referring to "Silver Star" Marty Balick.

Besides these boots making blisters on my heels and this brainless head of mine I must say this navy life isn't at all bad. Over 90 per cent of the men in my barracks are Southerners who are still fighting the civil war. Naturally I remain neutral at all times. In fact that drawl of their's has had some effect on me because they have muster I respond with a slow drawn out "heah suh". I am corresponding with Lou Keil, Bud Handelman, and Sammy Spiller outside a few (hundred) of the opposite sex.

The navy chow is good in fact if I like it, it has to be good. I

know that there are a lot of fellows in the service who appreciate more mail than me if you do have time I would be glad to hear from you.

Herbie Balick, (HA)

Dear Mollye:—

Thanks a million for your editions of the "Y" Recorder. I enjoyed reading... You are indeed doing a remarkable job seeing that the service men in community receives the paper. Occasionally I get a couple of when I think of some of our whom I personally knew, and have sacrificed their lives and who have been wounded. I them a speedy recovery and coming. It was a shock to that Herbert Rubenstein was led in action. War is hell. Thank God that war has ended here and we hope and pray an early termination of the the South Pacific. I have 515 Participation Stars to my and still I do not feel optimistic about receiving an early discharge. 61 points is the best I could. If I would have been married had a couple of kids... it have helped.

Regards to all.

Dear Mollye:—

There have been a few changes made in this man's army and one of them. Our old company has broken up and most of the men that were in our old company left for the States yesterday. I feel like a lost pup.

We are to be occupational and when I will ever get home is the biggest problem I have to confront. From this it looks it will be 1947 before we ever get back, unless Congress passes a special bill getting us out.

Jerry Tannen's wedding is and I am enclosing pictures. Rabbi Tavel did the honors. By the way, they are both to be leaving for the States the month is over. Ruth, my wife, is due to leave the first of the month and they are on the the Isle of Capri. When he gets back, he is transferred to the first outfit home in this area. So they both get there about the time.

I haven't seen Yank Arie some time now. I think he is over to Naples and when the fish the ferrying business he to go home.
