

DEAR MOLLYE

We have inaugurated a new column. The former Word From the Front is now Dear Mollye. It has its reasons. Miss Sklat has undertaken a one-man correspondence with virtually every Wilmington boy who has left for service. Even the stranger in our midst writes "Dear Mollye."

Today I received the "Y's" gift, which, I presume, is sent to all service men everywhere. Whoever was the donor, I'd like to thank personally. In receiving that gift, I feel that the remaining people of Wilmington are behind us 100% and are really proud of their boys.

And Mollye, just a word of praise for you. Since the inception of your wonderful service to the boys, your undaunted and untiring service has not diminished one iota, and I don't know what we would do without you. I only wish I could be present at the dedication of our service flag.

I wish you would tell Artie that his last letter in the Recorder was without a doubt the best letter ever printed in that paper. And tell him, with his attitude and optimism, it will be impossible to lose "this game".

With lotions of love, remember
Lt. Dave Nathans

Dear Mollye:—

All is well here. I do have one of those leave-me-not colds, but three days K. P. in a nice warm mess hall will fix that up. You may have heard a lot about K. P., but our squadron mess hall is one place that is considered a privilege to work in. You can find Sergeants working with pots and all doing the same amount of work which isn't much. Just imagine

ish Girls Service Council headed by Miss Marion Biloon and assisted by a number of interested members of this group who are now soliciting the purchase of Bonds by a telephone campaign.

Recognizing the importance of this phase of the war effort, the "Y" is stimulating the sale of stamps at its Booth in the lobby which is being supervised by members of the Sigma Pi Sigma Sorority who are on duty each evening. Special emphasis is being placed on the desirability of filling books of stamps so that they may be converted into Bonds immediately. Anyone desiring the purchase of a Bond may call Miss Biloon at 8038 or the office of the "Y".

eating all you want, including butter, eggs, milk, cake, meat. No wonder we all gain weight. I am sitting in the radio room of a B-17 writing you this letter, more or less, to give me the atmosphere to tell you about my environment. Looking out of this little window, you can see line after line of bombers all waiting, probably just as anxious as we, to drop their cargo on certain cities. Some of the ships have cartoons on the side, others have names, christened by their crew, expecting to do big things with "Snooks" and names similar to that. One of the cartoons shows a bomb on its way down, and inscribed on it is, "Here is where we make Hamburg out of Berlin". I heard from Milton Rubin. You can bet Harold Schreiber will only tell you the good part of what he is doing.

When you do see a B-17 flying, think of me, but also think of others who built them, the folks back home who are paying for them and the fellows who are flying them. We WILL Keep 'Em Flying.

Sincerely yours,
Sidney Feldman.

Dear Mollye:—

This is the first chance I got to write you. As you know I have been very busy with maneuvers. Last week we had one day rest and to my surprise I received a parcel from my parents. It had salami, rye bread, cigarettes and candy, which made me feel happy, but my gayety was cut short. Orders came to move. Here I was in a pickle, deciding what to do with all these luxuries which I received from home. There wasn't much room in my field pack for all of it, so my only solution was to pass it out to the boys, except for a few things which I managed to stuff in my field pack. We marched and marched until it got monotonous. Night came and we were awful hungry and expected to get chow, but the officers claimed we were lost, so we went to bed, (I mean the hard ground) and went to sleep. We arose 8:00 in the morning and marched until we finally contacted the kitchen truck at 11:00. Boy, was that a sight for sore eyes. They fed us until

we all filled up and were contented. One hour later the enemy were driving us back, so we had to move. After that meal I was ready for anything. About 2:00, we were resting in the field and taking in the sun, when all of a sudden, one of the boys in our outfit took sick, and sister, I really mean sick. The next thing I knew 3 more took sick. It affected our whole company. That is how I got the chance to write.

Jack Schenkman.

Dear Mollye:—

I should really feel ashamed of myself for having neglected to answer your mail, but you know how it is sometimes.

Well, here goes something. At 2:30 P. M. February 5, 1943, I received a call from Headquarters. I immediately answered the phone and was nearly bowled over. The Adjutant told me that I had been promoted to the rank of Major. I thanked him and hung up. I bet that I sat in my chair for at least half-an-hour without stirring. I had really not expected to get promoted for some time, as I had just been promoted to Captain in July, but who cares now. If the big boys are willing to take a chance, I'm willing to give it all that I've got. All that I'm "sweating" out now is what they are going to do with me. I've still got to pinch myself a couple of times to believe it, though.

I want to thank you from the bottom of my heart for the grand gift that the "Y" sent me. It was just the thing that we in the service can use. In fact, I have it with me right here in the station. Whenever I have to do duty here, I take the kit with me.

By the way, I finally got in touch with the Selinkoffs. I should have said that Mrs. Selinkoff got in touch with me. It was real nice of her to do so. She and her husband are supposed to visit near where I am stationed this Sunday. The least that we will be able to do is talk about good old Wilmington. After all I did leave there some time before she did. I'll say so long for now,

I've been receiving letters saying that you wanted to hear from me. I really don't have too much time for writing, because we are always on the move, and the mail

system is not regulated so I did drop you a few lines back.

There really isn't much. The area that we are in near a small town. The post consists of Arabs and Poles. They sure are tough people to handle. They believe in fighting wherever in the States. I believe is setting a price.

Mollye, I want you and your friend's to know that I am sitting along swell and there's any need for worry.

If you have been reading papers about the African war you will probably know more than I do.

As yet, I haven't received Recorder from you. If you in an envelope with a stamp, I will get it sooner.

I'm "somewhere in the Y" Mollye and that's about all I say.

I hope that you and the boys are well. From the way you been cheering the boys and making them happy, you deserve of credit.

Permit me on behalf of all the recipients of your very fine kit to thank you from the bottom of our hearts. I know that all the boys, whether officers or enlisted men, in foreign service or not, agree that you have done a grand moral building deed.

I know personally, that everytime I shall use my outfit, I'll be thinking of home, and to the old faces that I used to be associated with. However, we are here to do a job, and the sooner it is done, the better for the entire world.

Thanking you again for your generous thoughts, I remain

Dear Mollye:—

You must accept my apologies for not writing sooner. I suppose I had become lax with my "Gun Arm" as you so obviously reminded me of, in each of the Recorders I have received, but believe me, news is scarce. The added notation on the top of each Recorder. "What's the matter with your gun arm, Dave" was beginning to be the topic of the day here. Since all of the fellows read the Recorder, and since I am in the Medical unit, (sans a gun arm) I simply had to write.

The Recorder is keeping me up-to-date with all my friends in the Army. I'm happy to hear that Artie is swell, and get much enjoyment out of his constant ribbing of the, should I say, "old-timers"? They are eligible for the draft, aren't they?

I'm feeling swell Mollye, but do miss the ole town.

Incidentally, as for Artie (blacker than me) Blatman's information; as far as I am concerned, I am satisfied. Everyone isn't important enough to be an Eddie Cantor. He should remember the old saying "If at first you don't succeed, try, try again". If you see Bobby Lewis, give him my sincerest regards and congratulations.

I am in the advanced swimming class. We have to swim under water with packs on our backs,

then swim under water with flaming oil on top. I learned how to catch my breath when I need it, your hands come up first and splash the water - that forces the oil away. Then you get some air and under you go again. Same thing all over until you are clear of the flames. And that's no baby play and nothing to laugh at. Also have to jump off of 30 ft. towers with our packs on. Don't get scared. We land in the water. We have our helmets in one hand and our rifle strapped to our body. Only the advance swimmers do that. The one not so good jump from 20 ft.

I get a big kick reading the fellows I knew at home are now scattered to the corners of the world. I have to talk, though. Look, landed! Africa. Well, it's hot here as it may sound, at least the part I am in.

 kick out of it all.

I just received your letter and
 Art Krause's note yesterday and I
 certainly appreciate both.

Lenny Lipstein is located about
 150 miles from here, and I hope to
 get over and visit him in the near
 future.

At present we're living just
 about like boy scouts. Eating out
 of mess kits, and sleeping on a
 straw filled mattress cover. After
 dark there's nothing to do except
 sleep. All we have for light is
 candles, and they're not very good
 for reading or writing.

If you should happen to write
 Alfred Green, tell him I've sent
 three answers to the letter I re-
 ceived from him, and I'm still
 waiting for an answer.

My best regards to everyone in
 Wilmington.

Dear Mollye:—

How are you? You certainly

must be busy. All these letters in the last Recorder want to be answered. I am still sitting here and waiting. It is now two and one-half months. Two weeks ago I volunteered for occupational MP. as interpreter, but never heard anything from it. I volunteered as a driver and now I drive anything from a jeep up to a two and one-half ton truck. At least it's some kind of a job.

Give my regards to Mr. Sollod, Mr. Codor, Mrs. Slonsky and take my thanks and best regards for yourself.

Rudolf Faller.

Dear Mollye:—

Today, I hit the jackpot! Yep - after ten days of no mail - 21 letters! And - of course - your swell one in the bunch.

I am glad you heard from my brother Lenny. He seems to be getting a lot of good breaks and I hope he enjoys them. Your mention of the five franc note made me think you'd like different monies from here - so for a starter, I'll enclose a Chinese bill, not worth much, but on good material. In my next, I'll send some others.

The news of the boys doings sure is welcome and yours is the only source.

I haven't heard from Siggie Lipstein since he got his commission and don't even know his address. You might tell him to drop me a line.

Yes, I'm still in India. Right now we are in a sea of mud - and this is just a preview of what we'll get when the monsoons start.

Your War Bond New Year's Party sounds to me to be swell, so keep up the good work!

Regards to all Wilmington - tell everyone I'm fine and thinking of them.

Dear Mollye:—

If the experience I am about to relate isn't the most interesting and unique that you have yet heard from a boy overseas, I'll be very disappointed.

Yesterday - that's the day it all happened - I went to the home of a female acquaintance in a nearby town. After dinner, I tried to make a date with this 19 year old beauty, for the cinema as they call it, but I was thwarted by the most surprising invitation (on her part) to accompany her to a - "hang on

to your hat. now' - to a Jewish Wedding.

(In the description that follows, please excuse the spelling of the Jewish words in English.) I will attempt to describe the wedding by indicating the essential differences between theirs and ours.

As usual, the procession starts with the "Wedding March" from "Lohengrin", but the first person to enter is the bride. The last person is the groom. The bride is accompanied by her father (and a lovely bride she was), but the groom (a French officer) comes in alone.

The ceremony proceeds as usual until the couple sip from the small wine glass. Then, instead of the groom stamping on the glass with his foot, the "shamos" takes it to an adjoining courtyard and dashes it upon the ground.

The couple are then covered by a single "Talus" (placed over their heads) and the Rabbi makes his final benediction. The couple then sign their marriage certificate and become - (sigh) man and wife.

The congregation then files past the newly-weds (who are still standing by the altar under the "choopah") and kisses both bride and groom on both cheeks. Figuring I had nothing to lose, and seeing how lovely the bride was, I got right in line to kiss the cupid-struck couple. They (the newly-weds) thanked me very much for my kisses and congratulations, and I could see they are delighted, because I was the only American there, and they love Americans.

Then the recession, and the wedding itself was over.

One hour later I was dragged to the home of the bride where I danced and danced and danced. There were "Frehlachs", fox trots, and more "frelachs". You can imagine the fun I had at this Jewish wedding in Africa.

But, alas! The time came when I had to return to my station.

Then footsore and weary, but happy and content, I made my way back to camp to lie down and recount time after time the most enjoyable day since I left Uncle Sam's shores. What do you think, Mollye?

Regards to Mr. Sollod.
(Censored) Au revoir,

Dear Mollye:—

Really don't know how to start this letter - I'm in a fog. Have

been for the past two weeks. I could give very good reasons, only one would be sufficient but at this time, I'm afraid I must Remember, the censor is still with us.

Saw Mendel about two weeks ago and now I reach him the same way as I do you - via mail. I wrote him today and told him to be sure and write you as soon as he receives my letter.

Received a letter from Lt. J. F. (Franny) Walsh. He seems to be enjoying Army life very much, but is broken hearted because he hasn't been assigned foreign service - what a guy. He says it's the first time in his life he was ever benched.

And now one of my favorite paragraphs - ribbing S. Sargeant David L. Weiner. About a month ago, I received a "V" mail letter from him. All I could make out was a few numbers and I'm betting two to one he was talking about how much he deposited that month. You know - he never learned anything but how to count, and that only covers "addition". No "subtracting", that is also against his principles. I asked him to send his mail "air mail" and what do I get, "V" mail. Why not - it goes by air, and it can be sent "Free". It's a funny thing, after receiving his letter, I was so mad I went as far as to pray that I would get shot, just so I could beat him out of the few dollars I owe him. But Weiner would probably say that I got shot on purpose and then remark "everything happens to me". I've reached the end of the rope - I give up, he's a hopeless case Will one of you try to convince him that "you can't take it with you."

Everything okay, regards to all the boy's when you write and "Hello" Boss.

I guess there are very few fellows left around Wilmington, with all this drafting of manpower. As you probably know, I used to announce and run a news show on WILM under the "Ted Barsky" front and the other day I got a clipping from the Star showing a young lady occupying the chair in the control room that I used to occupy during the 6 to 11 p. m. period. The women are taking over on all fronts. Down here, we have a unit of WAACs that are doing the cooking for our particular unit, driving vehicles and doing office work besides supplying us with feminine company for "off" hours, that is when we get "off".

Thanks again for the gift.

Mollye, how are things back
 home and at the "Y". I guess the
 draft is still taking quite a few
 of the boys away, if there are still
 any to get. I received a letter
 from brother Dave, and he told me
 that Hap Goberman is coming
 back to the States. I hope he will
 get a chance to come home and
 pay you all a visit.

Haven't received the Recorder
 lately but I guess it must be the
 fault of the mail. Thanks again
 for the gift, and regards to all.

Bennie Berger

Dear Mollye:—

Today found me receiving a package sent out from the "Y". Who ever thought up the idea of sending the hometown boys such useful gifts really deserves loads of credit - honest it really was nice. Thanks a lot to you and also to everyone who deserves the credit.

I've been receiving the Recorder on time and still find it as interesting as ever. I've passed them on to different people about Boston and it sure makes a hit with them, just as I thought it would.

So, until I see you all, thanks again for the gift you sent and send my regards to all.

Hy Podolsky

Dear Mollye:—

Here am I at last. It has been over a month since our last bit of correspondence, which some is partially my fault, and Uncle's. You see, I am now in California. For a week I was quartered on Treasure Island. We lived in the Exposition buildings; they look nice from without, but they have been reduced to mere shells, in order to be kept clean. Because of the superabundance of sunshine and balmy days, "Sunny" Cal. Chamber of Commerce, provided us with steam heat and raincoats. Give me Florida any day. Of course I shouldn't complain because we have some very nice neighbors - Alcatraz is just a half a mile away. (and I haven't sent in my Income Tax return yet either).

Regards to the Sollods and their new addition.

See you in Tokyo in '43.

Dear Mollye:—

Glad to receive your letter. Well, as it happens to all men in the Armed Forces it finally caught up to me - K. P. - you know what that is. I did all kind of work from G. I. the kitchen floor to flouring the steaks for the cook. One thing I like about K. P. is the eats. You get all the food you can eat, as well as being served first by the cooks. This army is modern, we have potatoe peelers, which peel potatoes as well as beets, sweet potatoes, carrots and a big mixmaster to mix them together.

Dear Mollye:—

I think that's how you start these letters. I was happy and

surprised to hear from you, surprised to see that you all remembered me. Through you, I want to thank the folks back home for the gift. You certainly know what we can use, so thanks a million.

I'm in the absolute pink of condition, putting on a little weight and getting swell chow. After a little schooling I expect to be an aerial photographer, but the way things are going on the other side, they'll be sending us all home before we finish. It's so hard to get a pass that we're anxious to leave. Best regards to the gals and the guys, if any, from myself and Morris Arieff. I just found him on the floor below me.

Jack Coonin.

Dear Mollye:—

I received your letter and the Recorder the other day. I also received a letter from Davie Berger, answered it and I'm waiting a reply. At my present station I am between Davie and Artie. By the way, thanks for sending Artie's address I'm going to drop him a line today. I heard from Sol Galperin today and he says that Harry is supposed to come this week-end. Did you see him, how does he look with "Belle Bottom pants?" Harry don't fool he goes from one extreme to the other (pegs - - to Belle Bottoms).

Everytime I get a Recorder the 'Y' loses more members. Pretty soon Skyball will be the star of the Varsity. How is the House League making out, I hope the A. Z. A. isn't in the cellar. This one game I'm in and I'm not a sub, old "Uncle Sam" that's our coach thinks I'm good enough for the first string, I play forward on this team and I take plenty of shots. I have made some baskets too. Mollye remember the way my feet used to fly around while jitterbugging, well you ought to see them take me now. Keep those people back home buying Bonds because we sure need them. Just like a team needs rooters, we need people like you back home to keep us on the winning side. Give my regards to Mr. Sollod and tell Louie Brown to put a couple of shots in for me. Write soon.

Dear Mollye:

As you probably know, Haps Gorbman left for the mainland to attend Aviation School. I'm sure that he has all of our best wishes for success. Unfortunately we

never got out on pass together.

I was over to see Alf Green the other day. When I got there, he was busy with a class. We do manage a telephone conversation once in a while. I wrote Milton Cohen a letter. Judging from his A. P. O. he should be close by. As for myself, there is no news of note, I am very well and in the best of health. I received a letter from Alfred Carlis my nephew. He is now in North Africa. Irv. Finkel wrote me about your collection of pictures and insignias, while on the subject of pictures I took some the other day and when I get them I'll send you one. There seems to be nothing else to write, I hope this letter finds you very well. Best regards to Mr. Sollod. Johnny, Sonny and everyone at the "Y".

Dear Mollye:—

I received the Recorder yesterday and sure glad to hear from you. I get the Recorder regularly and hope you continue to send it. The place I am in at the present have the friendliest ants you have seen. They come in all sizes, shapes and forms. At meal time they help you eat from your mess kit. If that won't kill them nothing will. We play Gin Rummy quite a bit also checkers, chess pinochle. One thing that is very unusual is that there is no gambling at all. I guess the reason is we haven't been paid. This is the first time I have seen where money is no use. We have nowhere to spend it. Not much more to say that would not be censored. Give my regards to all and don't forget to continue with the Recorder.

Dear Mollye:

Before I really start this letter, I want you to know I received the swell gift. And want you to please convey my thanks to the ones concerned.

Please believe me I would like to write you oftener but honestly, I'm up to my neck in duties and studies. We have passed the half way mark of our course, and should graduate about April 10th. Tomorrow is my day off. If everything goes right we intend going to - - - to do the town in. I understand that Ben Rosin is stationed here. Please send me his address, I would like to look him

up in the near future. He owns everything. Regards Sollod and everybody.

Dear Mollye:

One day last week, I got a most wonderful gift from the "Y" and the Jewish Community Center, Wilmington, a service. It was a surprise to me very pleasant one at that. I certainly appreciate it and everyone so much for their kindness.

Things with me are going according to schedule. I ate from school, Saturday 13th, I've passed all my exams with flying colors including finals. We have now started the base - - yes the Wall rolled in almost 500 - They are going to continue to learn to be mechanics. WAVES have come here third class yeoman and others. They have created a lot of excitement around here how!

Every Friday night I go to dances in Oklahoma City - thing I really enjoy. Wednesday the first religious service will be conducted on this base looking forward to attend a service to be held on the 15th get-together and refreshments follow services.

I'll say so-long for now send my fondest regards to Mr. Sollod and everyone around the "Y". I'm expecting for the next issue of the Recorder - it's like home when I get it.

Sincerely,

Marvin B...

Dear Mollye:

I received a gift of a book set for which I want to thank you and the community at large. Also, finally the mail is forward to "Y" Recorder. and was greeted with awe. It's the first copy I've seen the "inside" and swell in about the rest of the boys.

I guess you know that long brother Sam will be in olive drab or navy blue and mother are planning a trip down to visit me. Oh Haps We took some pictures and send you one as soon as I then. Any resemblance between me and a soldier is purely coincidental.

Regards to Mr. Sollod.

Dear Molly:—

I am now startng my fourth week of Radio Operation School. They aren't wasting any time teaching us. In three weeks they had us receiving code. I get six weeks of school here, and I have a chance of going to Fort Knox for three months advanced training. Who would ever have thought that I would be a Radio Operator, but stranger things have happened.

Last Sunday I ran into Harry Statnekoo, the first time since Phil Weinstein and Harry and I met a couple months ago. He was talking to Marilyn Weinstein in the P. X. I see Phil and Marilyn quite often. I was supposed to meet them Wednesday night at the Service Club dance, but I had to go on a 25 mile hike that day, and when I came back I was in no shape for dancing.

I want to thank you for sending me the Recorder. Don't forget to send them to me as I really enjoy reading them. How are things around the "Y"? How are the Wednesday night dances coming along? Regards to Mr. Sollod and Sonny. Also everyone else around the "Y".

Last Sunday I ran into Harry Statnekoo, the first time since Phil Weinstein and Harry and I met a couple months ago. He was talking to Marilyn Weinstein in the P. X. I see Phil and Marilyn quite often. I was supposed to meet them Wednesday night at the Service Club dance, but I had to go on a 25 mile hike that day, and when I came back I was in no mood for dancing.

I want to thank you for sending me the Recorder. Don't forget to send them to me as I really enjoy reading them. How are things around the "Y"? How are the Wednesday night dances coming along? Regards to Mr. Sollod and Sonny. Also everyone else around the "Y".
