Dear Mollye:

I've been reading about the presents you have been mailing to Service Men and wondering what happened to mine. Now I know. Due to our being transferred to a new island, the mail was held up; the last week or so all this mail has been catching up with us. Yesterday, lo and behold, my gift arrived. I want you and your associates to know how much I appreciate both the thought and the practical value of the gift. It is a gesture that I will not easily forget.

Time and time again my reveries take me home and I remember the good times I had at the "Y". I remember our "suicide club" which was our name for the Senior Boys basket - ball class. There would be just ten of us and we would play for an hour with no breaks. Most of the rules went by the board and injuries were common. Danny Ehrenfeld would call only the most flagrant violations. I don't remember all of the participants but there were Eddie Roshow, Jack Schenkman, and myself there every Tuesday and Thursday night. Old man, Nastaglia, has me right now and I don't feel like shaking loose.

Yes, I had fun then and I know the future will bring the same joy of living. This game we are playing now is entering the last quarter, we are increasing our lead and will soon annihilate our opponents.

Thanks again for the gift, good luck and regards to you and those

I hear that Stan Finkel is here, but I do not know his address, do you? I received a letter from a Captain Sol Feinchel, who is married to a Miss Meltz who teaches school at Minquadale. He wants me to come around and see him today.

Last night Iky and I were down at the Service Club and he put a phone call in to Wilmington. It only took a mere three hours. Well, I want to go to "chow" now so I'll close with regards to Mr. Sollod, Johnny Russo and all the "Y" gang.

I'm extremely busy studying and such that I don't have time to hardly breathe. What a difference from being an enlisted man. I'm a little behind in my work so I have to work harder now. This is the first week I have really started to plug, and I mean plug.

Steve Saltzman is at this post but I haven't had time to look him up as yet and he probably don't have time either. If he's as busy as me I feel sorry for him. When you write Tavel tell him I asked for him and also give my regards to Rabbi Fine. I wrote Davie Berger a card.

Dear Mollye:—

We won't have to go to Africa to know what a sand and dust storm is like. For three days, the wind blew and blew, dust and sand. What a time! Finally the wind brought a terrific rainstorm. So now, maybe we won't have any sand. Why the Gov't built this camp here is beyond everyone's thoughts.

I conducted services last night at the Chapel for the Jewish boys. The Chaplain was in a predicament as to what to do about Jewish services. He never even heard of Jews where he comes from deep in Texas. So I helped him out. We had six officers and four enlisted men. There are about 60 enlisted men and about 15 officers. So it was a poor beginning.

Judy sends her best. Regards to Mr. Sollod, Johnny and Sonny.

Dear Mollye:—

It seems no matter where I am your Recorder finds me. So you see, that little paper really gets around and is sure appreciated.

I am feeling fine. I have left the Island where I met Artie and Sydney. They left about a week before I did. I saw Artie the Sunday before he left and he looked and felt fine. I don't know where they are but there is no doubt in my mind that wherever they are and whatever turns up they will be able to take care of themselves. Hereafter please address all my mail to P. F. C. Fine. I think they made me P. F. C. so I couldn't quit. Mathematically figuring, how long it took me to get my first stripe I should be the only Sgt. in the Army collecting Social Security. Anyway it meant \$4.80 more I can invest in my business dealings down here. So far business is good, but if the boys start making those odd numbers I will be bankrupt in no time. I heard that Jake Kovner was home on furlough a couple of months ago. Did he show you the brush he carries around to keep the dust off of his Corporal stripes? I guess you heard the story about Jake falling out for reveille one morning and his C. O. yelled "Kovner, stand at attention"! Jake answered "I am at attention, Sir, it is my uniform that's at ease".

Please congratulate all the boys who are graduating O. C. S. I know they will be a credit to the Army. Send my special congratulations to Lt. and Bombardier Moische Jacobs. In pre-war days when I knew Moische he had to take off his shoes and stockings to count past ten. And now he is dealing in Trig and Calculus. Well, time marches on! I was glad to hear that Steve Saltzman and Joe First got home on furlough. Also that Bernie Goldman is going to O. C. S. He will make a swell officer.

I heard about Mr. and Mrs. Sollod and Johnny Russo and his wife had an addition to their families. Please tender them my best wishes. Also Dutchy and Bebe Sklut and Hockey and Shirley Cohen. I read a letter that Gus Reissman wrote to Artie. In it he told him that Leon Flanzer and Irv. Baer double dated when they were both stationed in Florida. I'll bet that was a marathon waiting contest to see who would pick up the check. But you can bet that Leon lost. It isn't cheapness with Irv, it is just conservatism, and worry about in-

Understand that when George Weiner and Irv Baer were stationed in Florida in a hotel they were caught crawling up and down the fire escape every time they came and left the hotel like they used to do in Atlantic City. I hear that Stan Finkel is coming but I do not know his address. You? I received a letter from Captain Sol Feinchel, who is married to a Miss Meltz who graduated from school at Minquadale. He wants me to come around and see you today.

Last night Iky and I were at the Service Club and had a phone call in to Wilmington. I only took a mere three hours. I want to go to "chow" with you. I'll close with regards to you, Sollod, Johnny Russo and all the gang.

Dear Mollye:

I'm extremely busy studying now such that I don't have time to hardly breathe. What a difference from being an enlisted man. I'm a little behind in my work now. I have to work harder now. This is the first week I have been started to plug, and I mean to stay plugged.

Steve Saltzman is at the club but I haven't had time to see him yet and he probably has time either. If he's around as me I feel sorry for him. You write Tavel tell him to say hi for him and also give my regards to Rabbi Fine. I wrote Dager a card.

Dear Mollye:—

We won't have to go to the beach to know what a sand and storm is like. For three days the wind blew and blew, dust and sand. What a time! Finally the rain brought a terrific rainstorm. Now, maybe we won't have sand. Why the Gov't built a camp here is beyond even my thoughts.

I conducted services last night at the Chapel for the Jewish community. The Chaplain was in a predicament as to what to do about the services. He never even heard of Jews where he comes from in Texas. So I helped him out. We had six officers and five enlisted men. There are about 15 enlisted men and about 15 officers. So it was a poor beginning.

Thanks from the bottom of my heart for the two copies of the "Recorder" which I have received since I have been here. Reading them is like reading letters from all the fellows direct to each other, except that in this case, it's a lot better than censoring mail which I have to do at times. You'll probably be surprised to learn that I attend services regularly and have become one of the pillars of the synagogue. Any Friday night you can find me in the Jewish Temple in . . . He's a darn good "Holy Joe" and a swell fellow besides.

At the present time censorship has been lifted a little and I can say a few things that were forbidden before. After leaving the Sates, I came to Australia where I had a marvelous time. I came to the Island of New Caledonia where I've become part of the Amexial Division. Things in New Caladonia were fairly nice. There was not much in the town but at least one could get a good steak

dinner at times. We were then sent to Guadalcanal.

A good job was done. I cannot go into detail about the island, but Capt. Eddie Rickenbacker gives a very good description of the place. Even though the Capt. stayd with the Staff Officers and not with the enlisted men.

At the present I am on a friendly island which cannot be mentioned. At least we are getting a taste of civilization even though it is a small bite and does not satisfy one's appetite, but I guess we should be thankful to get out of Guadalcanal.

Dear Mollye:—

Received your letter and up the boys. I saw Izzy Izzy Salus, Fredy Jacob, couple of other fellows. They looked O. K. and they're gone by now.

I was home last Monday my cousin Phil and George Weiner. They're pretty good.

Everything here is same. Oh yes! Herman C over here and I was supposed to go out with him, but I understand he has a very bad cold and ent.

That's all for now, dut

Dear Mollye:—

I received my copy of the "Re-
corder" the other day. There were
quite a few interesting stories in
it. I enjoyed every letter as though
they were written to me personal-
ly.

I've just returned from a week-
end at which is the
summer resort of England, so I'm
told. I had a very enjoyable time
there, I went swimming (in a
pool) played golf, tennis, badmin-
ton, and went horseback riding and
some other things. All in all, I
had a very enjoyable time.

Dear Mollye:—

Once again I am here to re-
late additional Jewish customs ob-
served here in Africa. This time
it is a few things about Passover.
First, of course is the matzos. It
is not perforated like ours, and is
much thicker. The matzos are
baked in the shape of a circle
and is punched full of holes so
that it resembles the grate of a
stove. (It also tastes like the grate
of a stove - - hard as steel).

Wine, naturally, is plentiful over
here, but one must imbibe very
carefully as the heat has more
effect on wine drinkers than water
drinkers. Eggs and bitter herbs
are also abundant enough, but
many trimmings are missing . . .
gafilta fish, horse radish, and the
"Feer Kashos" (if asked at all,
they did it in French). Generally,
it is not quite the ceremony that
we make it back home.

Home! There's no place like it!

Dear Mollye:—

After waiting six weeks in hopes
of coming east, I did move East,
about 500 yards east of where I
was before. I finished school and
am now on the staff here at the
"Lakes". It seems as though our
class got most of the fill-in jobs
around here, for we have men
working in the laundry, baggage
room, outside sweeping the streets
and landscaping, commissary or
commonly called K. P. and Secu-
rity Watch, which I am on.

I was the luckiest of the lot.

While the rest are outside guard-
ing their posts, I am inside guard-
ing the disbursing office. That is
where most of the hospital per-
sonel records and money for the
payroll is kept. All I do is sit
around with a pistol on my hip,
waiting for a bank robber to try
to break in. Word must have
spread around that I was on duty,
because so far everything has been
quiet. I spend most of the time
during the night writing letters
and reading, and during the day
I talk to the girls that work here
in the office. Leave it to me to
get a soft job. Not only am I
using their typewriter, but also
their stationery too.

Are there many boys from home
out here? If so, please mail me
their addresses and I will look
them up. It sure would be good
to see some one from home again.

Regards to all at the "Y".

Dear Mollye:—

I really don't mind being in the
Army, because we all have a lot
of fun here.

I met Aaron Miller this week
and was very much surprised. It
was funny how we met. I was sit-
ting outside the PX and he walked
out. I was so glad to see them
that I didn't know what to say,
but anyhow after he comes out of
quarantine, we will both be able
to go out and have some fun.

Please send me the Recorder
and the address of anyone of the
boys in this camp. I send my best
regards to Mr. Sollod and every-
one at the "Y".

Dear Mollye:—

Fred Jacobs is now located in
the same company as I am. Hav-
ing Freddie around makes it much
easier to endure those slowly pas-
sing hours.

I saw Aaron Miller for a few
minutes before he shipped out last
week. I know there are several
Wilmington boys located in one of
the other companies, but as I have
not yet located them, I imagine
they may have shipped out.

Thanks ever so much for the
"Recorder".

Yesterday we took the troops on
a twenty mile walk and I enjoyed
every minute of it.

I had hoped that some of the
Wilmington boys would come
through here, so far they haven't.

Are there any Wilmingtonians
within a hundred miles of me? If
there should be, I would very much
like to see them. This place is
a soldiers dream station, five girls
to a man and no other Army post
within miles and miles.

of boys in the Service from Wil-

lived there for a few years, I al-

another name has been added on
your list. I, Georgie, am now a
soldier; no longer a college student
or frequenter of the "Y's" facili-
ties, but a man in uniform. A ra-
ther common habit nowadays, but
still unique to each one that goes
through it.

There are 36 University of De-
laware boys who are stationed her
temporarily, all of us waiting for
the well-known "Shipping List".
Because of our three years of mi-
litary training, we hold guide and
room orderly positions. We are
now becoming experts at the an-
cient Army game of "gold brick-
ing". If I didn't really know better,
I might think that our company
area had turned into a college
campus. We are getting fellows
in from Universities and Colleges
all over the United States.

I hope that your entertainment
plans for the soldiers are success-
ful, and if you need my help in
any way, I offer it by remote con-
trol.

Regards to Mr. Sollod and the
staff.

Dear Mollye:—

If ever there was an ideal post for a young married officer, this is it. The field is about 13 miles outside of town and the route would baffle even the narrator of a Fitz or is it Kirkpatrick Travel-talk. Did I say the route only—I meant to include the town and the field also. Sacramento is one of those towns in the throes of wartime adolescence. The mess here is plentiful and tasty and the recreational facilities on the post alone, I mean the hut and the post theatre offer enough diversion. But the town offers concerts, road compaines, sports, etc. Do you wonder I can't wait for Sis to get here?

Still on maneuvers, and it gets worse as it goes along. The worst of all are the mosquitoes, I've got bumps everywhere.

I'm out in the field now, and did you ever try to write a letter, and annihilate a mosquito at the same time . . . try it.

I received a letter from Max this past week and he seems to be doing alright. They seem to be restricted to their camp now, because he told me that the small town they used to visit, is now "off limits". Poor kid, he can't have his steak and wine anymore.

I've heard from all the boys, except Bertie. Have you heard anything about Bertie, besides that he was in Norfolk?

Harry is crying the blues . . . as usual. He can't get out of camp, and he is working hard. He even goes out on a little hike, and it tires him out.

I was home 2 weeks ago and heard all about the fellows leaving for the Army. I missed George by 3 days and I would have liked to have seen him again. I've
