Dear Mallye,

I received your letter and was very glad to hear from you. I am feeling fine and hope you are also. I received a Recorder last week and I was really glad to get it. I know it I see that Seymour Waxman is out here someplace, I don't think he is far away from me Mallye, so send me his address and maybe we can meet each other, it sure would be nice to see him.

I am about 140 miles from my relatives now but I still get to see them occasionally. Last week-end I went into Hollywood and had a swell time. I also went down to Santa Monica and went to the Swing Shift dance down there and it was loads of fun.

Things here are pretty busy and I really am kept on the run most of the time so we have lots to learn and not much time to learn from in, about the only time we can have any relaxation during the day is when we have motion pictures

on different subjects, then we can send of dozen off.

How is everything coming along at the "V"? I hear they are starting the Wednesday night dances again, how are they coming along anyway? Mollie would you send me Fella Jacobs address, as I lost his letter and I forgot the address.

As you know I get the Wilmington paper every day and I see that quite a few of the boys are getting furloughs. I am really glad for them, but I would be a liar to say I don't miss them, you know, old man, nostalgia. Well Mollie I better close now because we have a test tomorrow in Chemical Warfare and I have a lot of studying to do. Give my regards to everyone around the "V".

Love
