

Dear Molly -

As usual, I was glad to hear from you. Well, I had my "date" with Laurence Silverman last week, and it really brought back a lot of the past, and we'll be getting together quite a bit now.

I'm slated to start instructors' school shortly, and meanwhile I'm filling in for one of the sergeants who is on furlough.

Molly, you'll have to stop teasing me with your reports

of the various members of the flock who find their way back to Wilmington. Maybe you could have them send me their secrets on the subject of furloughs.

I'll have to bother you for the addresses of 2 fellows - Harold Schoenberg and Morris Arief. If you have them, please send them

DN.

The news of Charlie Reisman's demise just reached me, and I was sincerely shocked by his passing. I know we'll all miss him.

Regards to all,  
Best wishes,  
Jake
