

ARMY AIR FORCES

Dear Mallye -

[6/17/43]

Thanks for the tip on Marty Sloan, as I've discovered a Sigma Phi out at Ft. Logan - our own Lou Krowitz, and I'm already making steps towards a meeting. Only thing is, I'm off on different nights, but I'll get around that. You speak of Blintzes so casually, but I've got you there. I found a Yiddish restaurant in town just like our "Rubins", and I make it my first stop in town, and do I put

away my share of borscht and
blintzes and strudel - you bet.

Too bad our boys lost out in
the finals, but I still had an
interest in the winners, what with
the boss's daughter taking down
the top honors. I read about it
in the Journal. Too bad it's hot
back there. Out here it's warm as
toast all day, then it gets chilly in
the evening, so we sleep - anyhow.

Best wishes to all -

Jack Coonin
