Dear Mollye: I will endeavor to explain the theory of relativity. You sit around ten years . . . ten days before your furlough begins and finally your day arrives and Phoo! Days fly by in ten minutes and you are . . . sitting around four years while the next four days roll by . . . at which time

ANNUAL BOAT RIDE FOR AUG. 5TH

Recognizing the importance of providing an opportunity for recreation in the present War conditions the "Y" is now centering its interest on the Annual Boat Ride to be held on Thursday evening August 5th on the Wilson River.

The activity will be conducted with the efforts of the Army and Navy Committee of the Association by providing for the presence of more than a hundred soldiers of Jewish faith and their families in the services as guests of the "Y" on that evening. Arrangements are now being completed for boats which will transport the boys to Wilmington.

The Jewish Girls Service Council will participate and assist in conducting the program which will be sponsored that night. Opportunities will be provided for bridge, Mah Jong, dancing, community singing, various games and other amusements. It is expected that a trophy will be awarded as a victory

to that year more than 500 members and their friends enjoyed the boat and refreshing ride up the river. Many members purchased tickets to be distributed to soldiers and it is anticipated that this program will again be followed. A committee of the "Y" will be appointed to arrange the details of this annual affair.

you are eligible for another furlough. That, dear Mollye, is the theory of relativity.

I went to hear Sigmund Romberg and his concert orchestra last week and during intermission I went into the lobby. Everybody is smoking and smoosing . . . but I don't smoke . . . so I'm shmoosing and then all of a sudden who looms up in front of me, Doc Kurland, Captain Doc Kurland, and I hollored "Doc". You know, I gave a "geshrai", and the "vent tsitered" and he gave a "geshrai" back "Emil". So the next night I had dinner with him.

Well, Mollye, I just want to say, in conclusion, that it was really thrilling to have gotten home again and to have seen you all. Regards to Sonny, Mr. Sollod and all the rest.

By the time this letter gets to you we'll be either on our way or at the Port of Embarkation.

We're getting on a train Sunday, bound for God and our C. O. only knows. I'll get you some souvenirs "over there". Regards to what's left of the gang. Heard nothing from Milt Cohen. Give my regards to everyone, Mr. Sollod, Johnny and Sonny.

Dear Mollye:—

After leaving Fort Dix we headed towards the west and at first I thought I would arrive at Denver, Colorado where Marty is stationed, but the darn train didn't have any sense. It turned southwest and pulled into Camp Crowder, Missouri. It is a signal corps battalion and after my basic training I will be placed into radio, telephone, or photography school.

Well, ten days have gone by and I feel as though I'm a veteran in this Army. From 5:30 A. M. until sunset is a long day for me to put in, so I look back upon the civilian days and realize what a vacation I had.

Mollye, keep check on Sonny Levy and see that he walks a straight line for he is the only one to keep

up the morale of the women at home. Now that I am gone he really has a man size job to perform.

When you write me, send the addresses of Harold Friedman, Leslie Stone and Joe Miller. We were at Ft. Dix together and I am interested in knowing where they are located.

If Artie Blatman has arrived in Wilmington give him my best regards.

It is about time for the "Recorder" to be in circulation so hustle a copy to me immediately as it will be twice as valuable now as it was to me as civilian.

Dear Mollye:—

I want to take this opportunity to express my appreciation for the "Y" Recorder. It certainly was swell of you to send it.

Reading about people you know and realizing how they are all scattered throughout the world, gave me a thrill. I thought I was far from home, but after seeing the variety of letters, I feel as if I have a long way to go yet.

The camp where I am taking my basic training is about eight miles from Little Rock, Ark. There is a U. S. O. there sponsored by the Jewish Welfare Board and they are very hospitable. Really Mollye, the few times I have been there have been enjoyable.

So far, I have met no soldiers who hail from Wilmington and it seems as if I am the only one here. Do your records agree?

At any rate, I will be looking forward to receiving the "Y" Recorder and I will do my best to keep in touch with you every now and then.

Dear Mollye:—

I just returned to camp after spending two very interesting days in Hollywood and Los Angeles. While there, I was lucky enough to go on a tour of the M. G. M. movie lot, where I saw the filming of scenes from three pictures. Ann Southern, Francis Gifford, Joan Blondell, Lucille Ball and Irene Dunn, to name a few were present on the various sets and all of them took time out to speak to us for a few minutes.

I also attended some radio broadcasts, the best being the Al

Jolson, Blondie, and Gracie Fields' shows. In L. A. we ran into mobs of angry service men on the hunt for Zoot Suit dressed hoodlums. Any of them caught were promptly undressed, given amateur haircuts with grass shears and then sent on their way after being administered a sound beating.

Give my regards to Mr. Sollod, Sonny and the Scout troop.

Dear Mollye:—

My brother Jerry came down to visit me for a couple of days recently and looked very healthy. He has a tan and was in tip-top shape. Just after he left I ran into Leahman Podolsky at a Red Cross Club and we spoke for a few minutes. He is in Ordnance, too. In the meantime, a close friend of mine who is in the Navy, has come to this section and we see each other very often. I wrote him a letter on April 15th to his home in Boston and it was delivered to him in North Africa in May, after having been to the States and then coming back to the place where it was written.

Lt. Fahey, of the Post Office, says to say "hello". He and I lived around the corner from each other for about 20 years or so.

Mail has been coming in a little faster now and I'm getting it a little faster. But some fellows wish it were a lot faster. For example, the fellow who became a father in May and had his brother-in-law tell him about it three weeks later when he landed. Some news!

Tell everyone I said to work steady and to try to keep things humming.

Dear Mollye:—

Been so busy here that I've almost forgotten how to write letters. I think you cheated me on the last 2 issues of the Recorder as I haven't received a copy in quite some time. How's things in our fair city? I guess the male population is getting less and less as time goes by. I hear that Artie is on his way home to go to O. C. S. Nice work on Arti's part. Wish him luck for me.

Give my regards to everyone and please don't forget my Recorder.

Dear Mollye:

Irv. Finkle, and Phil Weinstein wrote me letters. Irv told me all about his trip to Los Angeles. Can you imagine a buck private going to Earl Carroll's and swimming and drinking cocktails at Mike Curtiz's pool on fifty a month? I think I got in the wrong branch of service. From what Phil wrote me, he has a better job than the one he held at Thom McCan's. Down here we wear out two pairs of shoes in two months. Phil must wear out the seat of a pair of pants every month.

I am glad to hear that the Sigma Alpha Rho Plaque is hanging in the "hall of fame". I will be sure to see it on my furlough. I have seen a little of Navy discipline in the few weeks I have been here. One fellow was "goldbricking" and they made him carry a sea bag around the drill field. The bag weighs one-hundred pounds, and the distance around the field is a half mile. This fellow has to go around twenty times before he leaves the station. One company was caught talking in the ranks. They had to march around the field for two hours with their hats in their mouths. Boy, this is some life.

"Smoke" Smookler

Dear Mollye:

I am glad to hear that Artie is coming back for O. C. S., in that way, it gives him a chance to get home, a long drawn out ambition for all of us. I also read where one of our boys Marty Balick, has been awarded a medal for bravery, and that's swell. We haven't started to work as yet but the time is getting close. I was glad to leave Kansas but the Post there was about tops in the luxurious sort of way. Bowling alleys, soda fountain, WAAC's, all added up to a Post where you didn't have to go to town to do something.

Today was payday for most of the fellows, but as we came too late, we won't get ours till the 10th. We manage to bowl a lot, eat too much and walk the streets. That's a soldiers life, but it's fun, and if it is taken in the right spirit, it never gets you down. Give my regards to all.

Dear Mollye:

I hope everyone at the "Y" is in the best of health including yourself. At the present time, we are sleeping in Pup tents as this is part of our training. I imagine that you know these tents are very small suited for only 2 persons. We must learn to put up these tents by ourselves in the open field. I am not able to tell very much as yet about this course, but I believe I have given as vague an idea that I myself possess at present. At present, we are in Quarantine, so I think I shall not be able to visit Wilmington for a month or so.

I would like to know the local news so don't forget me, Mollye. I want to be one of your subscribers. Do I qualify as yet?

Irvin Danberg

Dear Mollye:—

I just received the "Y" Recorder and believe me it was just what the doctor ordered, a tonic. I'm sorry that I couldn't write you more often, but we have been bivouacing more than we have been in camp. It has gotten so bad the fellows have given our Colonel a new name, from last week on he is to be known as "Bivouac Joe."

Oh! yes guess what happened to me. I was in my barrack lying down, when whom do I see but Lt. Seymour Berman, no less and invading the privacy of us lowly privates. Mollye it is needlessly said how much I enjoyed seeing him, I was so excited that I forgot my military courtesy and yelled "Hello Seymour, what in the name of . . . are you doing here!" Well, we went on and talked for a while, until I heard my friend the bugler playing some of the army's Boogie Woogie and I had to get back to work, so I had to say goodbye.

Next week we leave on maneuvers and if there is the slightest chance of seeing Sid Lincoln I will surely take it. He and I correspond pretty regularly and I sure do enjoy it. I'll close by saying regards to all and the best of luck to you.

Jerry Balick

Dear Mollye:

Thanks for all of the up to the minute news. As I have already told you that I don't do anything here and if I do get out, I will be one la . . . zy soldier. You notice how I drew out the lazy. My folks

received 4 letters from my brother, so I guess everything is running smoothly. Mollye, when Sam Sloan gets in touch with you, tell him to write to me when he gets stationed. I have finally received a long awaited letter from the man who writes so many letters (Eddie Rosbrow). He is now stationed in Tennessee, where he is an assistant engineer on a B-24. Well you could have bowled me over with a basket of wheaties. He expects a rating and flying pay. How is Mr. Sollod, Sonny and Johnny.

Jack Schenkman

P. S. Here's hoping that your next letter will find me back with my company in good health. Give my regards to all at the "Y" and a very special regards to you, Mr. Sollod, Sonny and Johnny, Doris Blatman. So long and let me hear from you soon.

Dear Mollye:—

Just a line to let you know I haven't forgotten you or Wilmington. I am sorry I couldn't write you earlier, but as you can see I am at an Army Technical School and we are on the move from morning to night.

I was working at the hospital for several days and saw quite a lot that the people home will never see. I saw men who are alive today because those at home gave Blood Plasma when the Red Cross called. I saw men who lived because the people at home bought Bonds to buy them planes and ships to fly them back. I saw men who are alive today because they had the food and clothing that those at home are now rationed. I could go on to tell you things for hours of some of what these men went through but I won't. All I want to say is tell those people who complain of little things, that there's more to life than gasoline, tires and shoes and when the war is over, all those little things we don't get now will mean much more to us later.

I heard that Col. Barsky is out here and I am going to look him up. Tell me what is new at the "Y". Do any of the old gang write you, Louis Strauss or Joe Lichtenbaum.

Give my regards to Mr. Sollod.

P. S. We have services here every Friday night.

Dear Mollye:

On May 18, I came over to the hospital to see what prospects there were for my working on the Mental Wards. Before I could say "beans" arrangements for my transfer were made via telephone. I didn't even have a chance to say "Take it easy, wait 'till after my furlough." For four days, while they do the necessary paper work, I'm kept in the casual section with the cripples, old men, mental defectives, and human debris, who are waiting and hoping for discharge. Comes May 25, I get assigned to Med. Detch. of Station Hospital. I sweat and cuss as I make my bed move over and unpack my barrack bags. Just as I'm almost settled, I get called to the front office. Lo, and behold, I'm handed the official order from Washington authorizing my appointment on the 28th.

Now I'm full fledged Warrant officer (JG) - - on the way toward again becoming a "Mensch." I might have mentioned before, that the transfer and appointment coming together was just a lucky coincidence. If I hadn't been transferred I'd probably be a super-special clerk with some line outfit. Under the circumstances the type of work which I will be doing will be purely professional.

My best regards to all the Sollods, the rest of the "Y" staff and your folks. Received Recorder today.

Dear Mollye:

I finally gotten a chance to write
you. I was going to write you
last week, but I held it up for the
Recorder, but no Recorder. If the
Recorder is still being sent out,
I'd love to get one. My last Rec-
order is dated Feb. 12th, 1943.
Please send me all the Recorders
from that date. Give my regards
to all and my regards to Mr. Sol-
lod.

Dear Mollye:

I received your letter today and
was really glad to hear from you
once again. I also received the
copy of the Recorder you sent me
last week and was really glad to
get that also.

Well, I finally got to see the
great town of Hollywood. I was
there Tuesday and also this past
weekend. Hollywood is really a
swell place. I went to the canteen
Tuesday night and saw and danced
with a lot of the movie stars. Sat-
urday I also went there and Sun-
day I went out to the Paramount
Studios and also the Canteen.
While there I've seen such stars
as Eddie Cantor, Basil Rathbone,
Monty Wooley, Dennis Day, Joan
Leslie, June Lang, Greta Garbo,
Joan Blondell, Olivia DeHaviland
and many others.

Yes, Morris Jacobs is in Alaska,
I do believe. He was at this camp
and left just about a week before
we got there. We were told yester-
day that after tomorrow we
could count the days on our fin-
gers, but we don't believe it till
we really leave. We are being is-
sued all clothing and stuff for a
hot climate. Thanks a lot for Har-
ry Rofel's address. I finally re-
ceived a letter from Aaron Sklut
the other day.

Well, now that more of the fel-
lows have gone. I guess there real-
ly isn't much doing in the old
town. But I don't think it will be
very long before we'll all be back
in the old home town again and
things will be just as lively as
ever.

The other night we had a U. S.
O. show here at camp and Alan

Hale was the guest star. They real-
ly put on some good shows for the
boys.

Give my regards to all and tell
the gang I really miss them.

Dear Mollye:

I landed up at Hondo, Texas
just as you predicted. I shipped
on June 3, 1943. As yet, I haven't
had a chance to look up Harry
First, but I will as soon as I'm
able. So Lt. Berman landed up at
Salt Lake City.

From the letter in the "Y" Rec-
order, the Wilmington gang is
doing a brilliant job, & who knows
if in the final struggle it won't
be our very own boys who'll clinch
the ends to finish the story of this
tragic struggle. Give my best re-
gards to Mr. Sollod, and Sonny.
Also my best to you, Mollye, I
think you're doing a grand job.

Sam Berkowitz

Dear Mollye:

The news of Artie getting back
to the States was really great. I
can imagine what his folks and all
the rest of you at the "Y" will be
like when he gets home. I'm sure
he'll make an excellent officer . . .
so in writing to him next time, of-
fer him my congrats, and wish him
lots of good luck.

I also received the Recorder the
next day after your letter arrived
so you can imagine how busy I
was reading all the news of the
home town boys.

It sure would be swell if Davy
Glazer could get home as he has
never seen his little boy. Maybe
it won't be long though before we'll
all be home.

I spent a swell week-end in
Beaumont, Texas . . . my first one
away from camp in many weeks.
The city is beautiful, and has
everything that you'd think was in
Texas along with some very beau-
tiful women. Speaking of women,
those Texans are really on the vi-
vacious side . . . 'got a tech of
Texas in my heart!

I guess Sonny is getting old . . .
time does tell, doesn't it? He'd
better stay in shape though, be-
cause keeping up with all the fel-
lows when they get home again
won't be an easy job. Not the way
most of them will celebrate. Our
Wilmington boys are really making
history . . . Marty Balick awarded
a Silver Star, that's really great.

Will be pleased to hear from Looky
Sklut. How about Marty' Sloan's
address? So Emil hasn't changed
any! He is probably enjoying this
Army life. Speaking of "gold-
bricking" I can picture Emil as
tops . . . O. K. so I don't work
hard either.

Hope Sammy Sloan does get a
break and gets into air photo-
graphy. They say that's a won-
derful life. Finally heard from
G. I. Frankel. Don't tell me he's
home again . . . so help me, I'll
go over the hill if he gets home
again soon. Just kidding, more
power to him . . . and me too.

I think I'll take a jaunt up to
the NCO club, and indulge in a
cool refreshing coke . . . yes, that's
right, a coke. Best regards to Mr.
Sollod, Sonny, and Johnny.

Dear Mollye:—

I received your letter today. I
was glad to hear that our boys
are getting back to the States one
by one. I can imagine how swell
the Blatman's feel.

Today, I took a stiff classifica-
tion test here at Keesler. I guess
it was to determine as to whether
I should go to school either for
Pilot or Bombardier.

I was rather surprised to hear
Max Podolsky is now a civilian. I
guess he is better off. I wrote to
the Podolsky's for Hy's address

Dear Mollye:—

Sorry I have not written you
sooner, but I have been very busy.
I just finished taking a 50 hour
course in Combat Swimming and
Water Safety, given by a field re-
presentative of the Red Cross. It's
the newest course and was it tough!
Mollye, imagine pulling a fully
clothed victim in all G. I. equip-
ment for about 30 yds. The shoes
feel like a ton but it was worth
it, as I was one of the few that
passed to become Red Cross Water
Safety Instructor. I was really
glad to hear about Marty Balick.
He's O. K.

I expect to take extension
courses from some University to-
ward my Master's degree shortly.
Who knows maybe I'll get it in 10
or 15 years.

What are the dues this year at
the "Y" and how can I pay them?
Send me a bill.

Lots of luck, Mollye.

Lt. Jake Fried

Dear Mollye:

Just a few lines to let you know I am O. K. and everything down here is fine.

I received a letter from Ottie and he tells me he and Sidney are feeling well. I was very glad to hear that. I also received a letter from Morty Sklut, he told me about being moved. He thinks we are very near each other. I sure would like to run into him down here.

I heard about the Flag Dedication ceremonies at the "Y". It must have been a beautiful affair. I think it was a swell gesture on the part of the "Y" to remember us boys and girls in the Service.

I understand George Weiner was home on furlough and he looks swell. Did you hear about George walking into the poolroom of the U. S. O. in St. Louis and somebody played his head in the side pocket.

We just heard down here about the African campaign. I know we had a lot of boys in there and I want to congratulate them, they did a swell job.

Dear Mollye:

I hope you will accept my sincere apologies for not having written sooner, but I can assure you that my intentions were of the best and my conscience bothered me many times. I can't express in words just how much the Recorder has meant to me. You're doing a wonderful service and we are all grateful to you. Your column is a common link that joins many friends who encircle the globe.

First of all, I would like to thank you and through you all the generous people who helped send those gifts to the boys in the service. I've just received mine and it is truly appreciated. Thanks again.

In spite of the fact that the flies and mosquitoes are worse, the heat more intense and the rain very prevalent; I still think that my present base is much more attractive than Bobcat. Dear Mollye:—

I have been receiving the Recorder quite regularly and enjoy it thoroughly. I have read the paper over and over again. Thanks ever so much for such a lengthy letter. I have been waiting mail from my brother often and he wants to know why he does not receive the Recorder. Are you sending it to him? I am very sorry that I cannot locate Marty Balick. I have been trying for a few weeks, but no avail. The same goes for my Lipstein. Is Irv Miller still around? I am greatly concerned about him because we were the best of friends before I came in the army.

I am now at a regular base and everything is coming along great. I am stationed a short distance from an Army hospital that has quite a number of nice nurses. You know me Mollye, I am having a pretty good time now. The greatest treat is that there is now something to do in the evening and besides, they speak American. I was going nuts for a while trying to understand the French and Arabic. Just last night I was coming back from a trip and I picked up a French Commando. I brought him to my camp to have supper with us. I asked him how he would like to eat with the officers and he was really honored. During the meal he was singing all kinds of French songs for us and we all had a grand time. This morning I had a bunch of the boys of the British Army stop in on us and we had a great time with them. We would tell them some stories of our adventures and they in turn would tell us some of theirs. I guess when it comes to have some air-raising experiences I am still strictly an amateur. They have really been through quite an ordeal.

Stop in the house and tell my mother to give you a nice big hunk of Chocolate cake and think of me when you eat it. I'll make up for you when I come home again.

Dear Mollye:

I expect to be back in civilization some time about the end of this month. Even two weeks up north would be some relief from the heat. The Colonel told us not to expect to leave this place before August. We shouldn't com-

plain, the men in Africa and in the Pacific had to get used to the heat so therefore we shouldn't also.

I'm still around giving the "new" boys their basic, all over again. Splints are to be my specialty as a first-aid instructor. I'll have to study the hand-book myself. We can't let the new men think they know more than we "non-coms".

Morris Stein

Dear Mollye:—

Received your swell letter yesterday and Mollye. I read it over several times. The insignia I sent is the new one, it is supposed to be adopted by the Air Force. As you noticed, the red dot is missing, the reason as was given at Kearns Field was that the red dot reminded us of the rising sun and we are going to make it a setting sun, a setting sun that has set below the tops of the ocean waves before we are finished.

I was well aware of the results of the plays. I was glad to hear your account of it, as I know the boys must have worked hard. Please congratulate them on their fine showing. Next year when the plays are given, I hope all of us will be there to see them.

I expect soon, how soon I don't know, to go to the University of Utah for those screening exams. I'll need plenty of luck for I hear they are tough. I'll do my best and I pray I come on top.

Lawrence Silverman

Dear Mollye:—

The people in Syracuse are at least civilized and are not greeting you with one hand and robbing you with the other. This is a soldier's haven and there is nothing in the line of entertainment you can ask for. Also not far from us are famous vacation places, namely 1000 Islands, Niagara Falls and Canada.

However, I am still the only Delaware fellow around here and it seems as if they never heard of anybody in the various U. S. O's. coming from our home town or state.

Had a delayed letter from Joe Weiner, and he is still sojourning down in Mississippi. Also wrote to Reiver the other day, and I should hear from him by next Purim. Sorry to have missed meeting Sid Harwitz and I know it would have been a glad sight

to see an old home townner.

Glad to hear that Artie Blatman made O. C. S. and I can imagine the excitement around Wilmington about his arrival. Will you please send me the Recorder as it comes out as I am always glad to read it.

Harold Kruger

Dear Mollye:—

Today is a very beautiful day, as it has been raining for the last couple of hours.

I often wonder if you ever get a chance to see my little boy Michael. I understand that he is really something. I hope that I can get home to see my family soon.

I have now been in Miami Beach for 14 months. It really doesn't seem that long. I like it very much in the winter, but not too much in the summer as it is too hot.

Mollye, I lost Bill Jacoby's address. Will you send it to me?

Say hello to Mr. Sollod and Johnny Russo.

Hymie Swartz

Dear Mollye:—

I was glad to hear from you. Thanks for telling me what the boys say about the fighting in N. A. I was plenty glad to learn that Marty Balick had won the Silver Star for bravery.

There is nothing to say about Camp Davis. The less you say about it, the better. You can't say little enough about it. Sol Balick usually drops around to see me once or twice a week. He really is set on the Air Corps and I see no reason why he shouldn't make it.

Has my brother Abe written you recently? I imagine he is too busy to write because I have heard from him exactly once since we were home together.

Bernie Bleiberg wrote me the other day and is now at Camp Livingstone. He tells me that he feels fine although the train ride was a little rough. That is to be expected of the Army.

Well, Mollye, tell Mr. Sollod, Sonny and Johnny that I send them my best.

Lt. Dave Nathans

Dear Mollye:—

My inevitable career as a soldier has begun and of all places in the

"Queen of Battles", the Infantry. I can now appreciate the luxurious college life I once had. To describe the routine we are indulging in would be unfair to Army ethics so I must content myself with a word picture of Texas.

In the lower left hand corner of our gargantuan country lies placid Texas—a huge sprawling monster of sand and stone infested with age-old reptiles and wild animals, cactus and shrub, and speckled with pretty little lakes. However, the powers that are must have been very proud of this creation, for they placed above it this sphere's most beautiful sky.

When the stench of war has vanished from the earth's surface and the wheel of confusion has settled down to a civilized pace, I'm going to re-visit this land and thoroughly digest its beauty. Till then, there is work to be done and "tempus fugit". Regards to the Wilmington folks.

Eddie Golin

Dear Mollye:

I got the address that you had sent me of Eddie Euster, but as the old story goes, I haven't written to him as yet, but my faith is still there and perhaps I will write tonight. I decided that tonight was the night and I'm going to write until I go to bed and that is about another hour. I think that I'll be able to drop a few more lines and keep the mailman busy for a few days.

I'll bet that Artie Blatman is thrilled to get a chance to get back for a while. I guess that he might get a chance to pass by where I am stationed, but he perhaps won't know it, when he does.

Here is a bit of news for you, I think that you'll be glad to hear about it. Dr. Selinkoff will be in to give my regards before very moons. He called me today and wanted to know if there was any message that he could take home for me. I have one, but it can be delivered in person only. I did appreciate his calling me. I had a grand time when I visited them.

Well, Mollye, I guess that this is about all for now. Give my regards to all and for God's sake keep the "Recorder" coming.

Red Cross has just completed a

We've finally completed an offi-

the U. S. O. troupes arrive here
fairly often now—and, for the first
time, a British troupe entertained
us. They were pretty good, al-
though their brand of humor is
much drier and more conservative
than the American humor. We
wouldn't laugh much at their gags
because we didn't see much to
them. However, their singing,
playing and dancing were excel-

Dear Mollye:—

I usually receive the Recorder
towards the last of the month. As
yet, I haven't received last months
and I sure miss it. I'll probably
get it one of these days.

I was out on pass a couple of
days ago. I usually spend my pass
days at Waikiki Beach unless I
have something very special to do.
During peace time, people spend
a lot of dough to see this place.
As for me, I'd settle for Price's
Run any day.

I've been informed that Martin
Balick was awarded the Silver
Star for bravery in action. I cer-
tainly was glad to hear of it.

Best regards to Mr. Sollod, John-
ny, Sonny and everyone else at the
"Y".

P. S. I just received the Recor-
der.

Dear Mollye:—

Hello again. I've received sever-
al letters from you lately.
Thanks for all the dope, Mollye.

Well, I finally went up another
step. I'm now second class. As
a third class, I thought I was in
a rut for quite a while.

Right now, I'm in a land of white
people, T-bone steaks, fresh milk,
and liberty. Having a swell time,
although it isn't going to last long.

From your description of the
"Y" now, with all the changes, I
reckon I'll be a stranger there
when I get home.

No Recorders of late, Mollye,
But I don't believe I'm getting
mail at present. Should in a few
weeks though. All for now. Give
my regards to all.

Dear Mollye:

I want to thank you for the very
nice toilet kit I received. It ar-
rived just in time and I used it
constantly. I also want to thank
you for sending me the Recorder,
but I haven't been receiving it
lately.

I am now a M. P. and I like it
very much. It really has built me
up and I have gained over 25 lbs.
since I have been in.

I was a temporary drill-instruc-
tor and I have charge over the
new rookies. I like them and they
like me, I hope.

I miss everyone there at home,
and the times I had at the "Y".
I hope my mother is well, and I
will appreciate it very much if you
stop in and tell her I have written
you and that I am thinking of her.

Eddie Weiss

Dear Mollye:—

For quite some time I have writ-
ten to you in riddles trying to ex-
plain my part in this war. Now
that the African campaign is over
it can be told. As one of your
many correspondents overseas you
want it straight from the shoulder,
so here it goes.

To begin with, I was in the con-
voy that made the invasion in
North Africa. The place we landed
was in "Safi" a town in French
Morocco. On our way to the front
we went through and stayed a
couple of day's in some of these
town's; Casablanca, Oran, Fez, Al-
giers, and the windup was Tunisia.

When we got close to the front we
were put in reserve, at the Kasse-
rine Pass. Fortunately our ar-
mored forces shoved them back.
Then again we moved up to a town
called Gafsa. The artillery played
a big part there and scared the
Hell out of the Nazis. To keep
them on the move, we had to do

the same. All of a sudden we had
a big battle with them at El Gue-
tar. It lasted quite some time, but
we won out. To we Americans, it
was a major victory, because we
got them out of the hills for the
tanks to blast them to kingdom
come. From there we moved over
to the Mediterranean Coast to
make a semi-circle in order to
block the German's between Bizer-
te and Tunis. This was next to
the final push to end the war in
Africa and it was successful. The
finish was to take the seaport of
Bizerte. Our unit was the first
American foot troops to enter into
it and we sure were proud. Thank
God it is all over.

Tell Mendle I will be over to
help him. Regards to the Boss.

Dear Mollye:—

Received your note written on
the first copy of the "Y" Recorder
sent me. It is odd that you should
have received my address from my
son Alfred who is so far away.
War does funny things and this
must be one of them.

This is Memorial Day and natu-
rally my thoughts are back home
where I always helped in Memo-
rial Day observances. Now I am
content to think of all the boys
who are now paying the supreme
sacrifice in order that when the
war is over, we can all again live
our way of life and enjoy all the
freedom we have always been ac-
customed to. Army life has not
been too easy for me, but there is
a job to do and we must all do
our share.

I am anxious to hear from the
many boys who are now in the
service with whom I was always so
friendly, especially the boys in
Sigma Tau Phi at Delaware and
the other Wilmington boys who are
spread like a fan all over the world,
especially my two nephews Irving
Brown in England and Harvey
somewhere in Texas.

With kindest regards to all in
Wilmington, I am

Dear Mollye:

Alma and I have finally landed a nice place in which to live, a beautiful bungalow with an attic for which certainly dispels most of the heat. I had sold my car before I came home on leave and when I returned I soon regretted selling it. So . . . So I bought another one. It's good enough to run around in. I've been doing quite a bit of dentistry at the Camp Beauregard Dental clinic on detached service. Please write us and give us the "dope" on how "you-all" are and things around the "Y". The "Recorder" is a very welcome piece of news to us and we read it from beginning to end.

Regards to Mr. Sollod and the rest of the gang at the "Y".

Dear Mollye:—

Hi Parner. Excuse the talk, but I just got in from a lousy 48 hours in the mountains and some swell time! I got word via Lou Krasnowitz that Marty Sloan is in Fort Logan here, and I expect to meet up with him soon. As yet, I haven't gotten the Recorder, but I suppose it is on its way and shall get here shortly. Glad to hear the old Frat is doing so well with this new blood, and they will all have my best wishes through the many channels at my disposal.

I visited the Jewish Community Center here and I must say for such a big city, it is indeed sad, it noways compares with our "Y".
