

thanks just the same.

You know, I just got what I think is an excellent idea. I am getting up a box of souvenirs to send home. If all the other boys are doing the same thing, what a wonderful collection it would make if they were all put together in one place. What do you think about it? Let me know.

Thanks for the addresses. I wrote both Art and Lenny letters. I only hope they are still at the same address. Give my regards to everyone.

Dear Mollye:

I received both the "Recorder" and your letter, and as pleased as I was to get the Recorder, I was doubly gratified to get your letter.

I wrote Alfred about two weeks ago, but I don't suppose he has received the letter as yet.

I did get a chance to visit my old outfit over here, for a while they were stationed fairly close to us, and believe me, Mollye, it was good to see some of the boys again, and know that they are all okay.

Well, I guess that's about all for now, regards to Mr. Sollod and all the gang, and a very happy New Year to you.

Dear Mollye:

After seven months in the service, I decided to take this Sabbatical Day off and add my few words to the columns of the paper you have made famous among Jewish boys in the armed forces. I am sincere, Mollye, because it seems to me that in the Army, at least, it's Girls, Furlough, and the "Recorder"! This is a place of high honor, believe me! And I can think of a few places, like Bobcat Island, for example, where the "Recorder" even supersedes its peers on the mainland! !

It would be almost impossible to correspond with all the service men I'm interested in. The day the "Recorder" comes, Capt. B. A. Gross and I get together in the dispensary, close the doors, order the "in conference" sign—and proceed to devour "Dear Mollye" piece by piece! In a half hour, we have discovered the general whereabouts of boys we've both known in practice—and never quite get over their wide distribution around the globe.

Then we proceed with the "guilt-tricks" who get a good break from our impressed spirits on "Recorder Day."

All this means we think you do a swell job, and we're glad we're on your mailing list. I hope this note will reach all the boys we read about, let them know we've tasted the army, bitter and sweet and understand how it is with them. And we're always rooting for them.

Yours for a "Y" party soon for all of us.

Capt. Albert Gluckman

Just received the last issue of the Recorder after it had travelled to Texas and back here again.

The course here is great, even if it is a bit hectic.

I shall greatly appreciate your keeping me a member in good standing on your mailing list.

Dear Mollye:

Thanks for the letter and the "Recorder." I'm sorry that I delayed in writing to you—I've been sort of busy the past few weeks. Has Harry written to you since he entered pre-flight school? I received a letter from him a few days ago and he indicates that he's doing very well in his courses. His marks average about 95 per cent—which is pretty good, I should say.

How about Kalman? Has he written to you yet? I haven't heard from him at all. The only news I've had about Kalman is the news that Edith sends me. When you hear from him, send me some news about him. And when you write to him, tell him that I send my best.

As for me, Mollye, I can say very little concerning myself. I'm still plugging along with my work, and am doing my best to learn as much as possible about my work.

I heard from Charlie Lewis recently, and his letter was quite cheerful. I wrote to him today and asked him to drop in and see my folks whenever he had the opportunity.

Well, I've got to start working out my income tax now Mollye, so if you'll excuse me for not writing more . . .

Dear Mollye:

Well, toots, I've run into something a lot bigger than I had anticipated. I am what is known as the Motor Transportation Officer here, and it's a tough assignment too. What's the dif — practically every job in this man's army today isn't a snap by a long shot. My company is made up of all colored boys who are just in their training stages, and they are without a doubt the best bunch of men any officer could wish for. Mollye, I wish you could see them march. They're tops. Honestly, you can't tell whether they are marching or dancing, but they look good, and that's all we want.

Just received a letter from Mom, and she tells me that brother Leon has gone into the Navy. Well, that's the "jackjot" in the Bloom household.

Received a letter from Phil Weinstein the other day, and it was sure swell hearing from him. Do me a favor and send me Marty Sloans' new address — sure would like to hear from the guy.

Sorry Mollye, I gotta' go. Please let me hear from you soon.

Lovingly,

In this entire hugh Signal Corps camp, I am the only soldier from the state of Delaware. Out here, Delaware is not very well known—in fact 90 per cent of the population never heard of it.

The Army says that I'll make a good Radio Operator, so they are sending me to a civilian school. I hope that it will be in Chicago or some other large city.

The other day I went to a party at the Joplin, Mo. Hebrew Temple. It reminded me greatly of the "Y" back there in the East.

If you get a chance, write and tell me how the Sigma Phi boys are, and what goes on at home these days.

So for now, so long.

I used to attend a few dances and basketball games at the "Y." It's been quite some time.

I've been hospitalized for quite some time now and anything from the "Old Home Town" naturally carries a lot of weight. I'll send you my new address. If you should see Rachael Bleiberg tell her to drop me a line. Just tell her Mrs. Morris' son Ben. Regards to all, and thanks a million.

Mollye, I'd appreciate it if you could send me Moishe Jacobs and "Shorty" (Lt.) Bloom's addresses. I called home last Sunday and spoke to mom and Louie. Just call me sporty! And for your information, Miss Sklut, brother Sam is not 4-f, he's 8-x—single man, with children.

Just received your letter and it  
 was swell hearing from you. That  
 incident you narrated relative to

the surprise meeting of Mendel  
 and Artie was extraordinary, to  
 say the least. From now on every  
 time I see a soldier I am going to  
 give him an extra scrutiny, cause,  
 never can tell, might be someone

 great when this holocaust comes to  
 a successful conclusion and we all  
 tell our respective adventures. Mr.  
 Sollod will turn grey trying to  
 subdue the turmoil and pandemon-  
 ium that will reign at the Y. M.  
 H. A.

The Allied Kid Co. sent me a  
 splendid holiday gift package and  
 it contained everything a fellow in  
 the service can use. I've seen a  
 lot of gift packages received by  
 hundreds of boys, but this topped  
 them all. We are permitted to  
 write that we are in Alaska, but  
 we can't mention our exact post of  
 duty or anything pertaining to this

 duty and guess Lt. Walsh was  
 right when he told me to "sit back  
 and take it easy."

Mollye, please say "hello" to  
 everyone around the old place and  
 that I never stop thinking of the  
 friends I left back in the old home  
 town. Say an extra prayer or two

because with some luck I expect to be home in six months. Remember—that is only a dream, but I can dream can't I?"

Dear Mollye:—

As for news from here, I hear that Haps Goberman is on his way to the good old U. S. A. Talked to Davy Berger the other day and he's as good as ever. I hear that the first contingent of 18 year olds left Wilmington. My cousin Harvey was among them. On Jan. 3 I had another chance to talk to the folks back home. The reception this time was marvelous.

I'm wondering if you hear from the boys on Bobcat very often. I've written Sonny several times and haven't had an answer. There seems to be a lot of pictures in the paper of the boys on Bobcat so mail is coming through.

I'd like to have Lenny Lipstein's address. It's good to know that the girls are waiting for the hometown boys to come home. However, one look at the marriage column in the News-Journal and I'm not too certain of that. Oh well, there's a new crop of youngsters coming up. That's all for now. Regards to all the gang and until the next time "Aloha."

Sincerely,

Dear Mollye:—

Things are really coming to a fine finish. Saturday I finished ground school and this week plus one or two days will finish all the bombs I have left to drop. It's not definite whether graduation will be February 6th or 13th, but who cares. Just think it's almost over and all the fun will be behind and the chance for some real work just begins.

In place of ground school we have skeet shooting and machine gun. So far only skeet and I envy "Tony" Keil for all the years he's been having the fun with the clay-pigeons. It's really the best fun in the ground school training.

Well in a week or two you can look forward to getting one of my invitations and of course I know you'll take the first trip with Superman to see me get my wings but in case you can't, I'm sending you a miniature for your collection of our Bombardier Wings.

Best regards to all in Wilmington and the "Y."

Sincerely, Willis Jacoby

Dear Mollye:—

Here I am writing from North Africa. This country isn't at all bad and I'm having a fine time.

I'll try to be a better correspondent in the future.

Dear Mollye:—

My being a Corporal is not through any especially good work of my own it was just a break; they evidently needed a guy, and I was handy. I'm doing my best tho, at the toughest department in the Technical School.

I haven't had a chance yet, Mollye, to see if Chaplain Morris is still here, but I'll try to look him up. Please take good care of those service men who drop in. I know they appreciate it no end. Chester probably has more defense workers; that's a good enough alibi for losing a basketball game. Speaking of a "skeleton" team, we have a real one, 265 bones; we call her "Tillie" so if you ever need a substitute, "something new may be added."

Glad to hear Davie, Artie and the gang are all well. Congratulate the Sollods for me please; we get the Wilmington paper and I was very glad to read the glad news. Good luck to you all and cherio!

Sincerely, Sid Harwitz

Dear Mollye:—

I received my copy of the "Y" Recorder today and have enjoyed it no end. I just wrote Davie a letter and offered it to him if he didn't get his. I don't know Lt. Green's address nor phone but I'll find out from Dave and give him a call, at least before I leave, that's the least I can do. He is quite a distance from where I am so I doubt if I'll get to see him, unless he gets over on this side of the rock and stops over where I am.

I'm still patiently waiting for my orders to return to civilization, I'll be glad to get back believe me. I'm feeling fine and of course living up to my name, I only hope it lasts.

Dear Mollye:—

This past week-end was the first that I was free, so rather than stay around and let my brains out, I decided to visit . . . It was quite a weekend, believe me, and you

can quote me on saying that the South really has such a thing as Southern hospitality. Besides being royally treated by several of the female species at the USO, I was invited to dinner and stayed at some girls house. I spent most of one day with Dr. and Mrs. Goberman and of course Nace and his wife. They were really swell to me and topped a day of enjoyment off for me, by giving me a ride in an airplane . . . my first! Nace was the Pilot and it was lots of fun. Nace looks grand and his wife is tops. The Dr. was right on the beam, and treated me as though I were his own. I hope to visit with them again soon.

I am disappointed in Sonny, and am being led to believe that he signs his name with an X . . . come on Sonny, I'm not with St. Pauls anymore. I read about the one point loss to Philly and boy that must have been a honey. Each time we play them it seems as though we get closer, we'll be leading them by a point or so when it's all over. Many of the names in the line-ups were strange, and one in particular where the guy got a bushel of points caused me to just about jump into space. I haven't had a chance to play any ball here, although I made an attempt by going up to the Field House several time.

I understand Marty has been transferred, how about his address. I hear from Irv. Miller and George Frankel and a few guys over on the other side. If you see Peeny you can tell him he is a sad case I wrote him over a month ago, and I still haven't heard from him. The Army is alright and just like anything else, its exactly what you want it to be. I sincerely hope that my efforts here or across, will help end this war. We're all getting tired, and speaking for thousands of us here . . . we're willing to leave for the battle front tomorrow, if it will end the war a day earlier. Say hello to anyone left around. Special ones to Mr. Sollod, Sonny, and all the rest. Write real soon, and remember - - "Hetzie" Statnekoo

Dear Mollye:—

I know its about time I wrote, but really didn't know just how many relatives I had until I got in the Army. Well, anyway, here I am in Camp Carson, and Bernie Bleiberg is here with me although he is in another Company. We get to see each other pretty often and it does me good to be able to re-

minish. Army life is not bad all, its just a matter of getting used to it. The scenery is couldn't be prettier if it was made to order for a movie.

I must stop now. The reason that we go on a four hour shift this afternoon so I had to make sure.

P. S. Please send me the recorder and also the address of the boy's in the army, when I get time.

Dear Mollye:—

I just finished reading the latest issue of the "Y" Recorder Mollye, that paper really is nuts! I've never enjoyed reading anything so much in my life. Usually, to me, my kid brother's letter was the most interesting. My kid is doing great things and believe me, I certainly let the Cadets know all about my brother who is a 1st Lt. and a sear.

Last week I finished my training as a lower classman, and I'm now a mighty upper-classman. Cadet training certainly keeps busy. In addition to regular calisthenics and formal parades we have quite a bit of classroom work including a course in Morse Code. I met Lt. Thomas Poland here twice. He has quite a responsible position right on the line and one of the buildings of which he is in charge is just across my barracks. I also see Sgt. Berman several times a week. I've had some great times with him. He's the same old Segs.

Wilmington certainly has a tremendous long list of Jewish in the Service. How do they compare with other cities? Approximately the same people. Best regards to Mr. Sollod, Sonny, and much love to you, one of your favorite cousin (hope).

Love, Harry F.
