India

Dear Inollye -

As usual, the receipt of a letter from your pen renders the occasion of mail call an event.

Everybody keeps telling me - "Sid's' back" - what are they trying to do, rub it in? I'm only kidding, though, as it's not too rough (witness Sid's waistline). I know Sid was eager to get home - and I can't say as I blame him. All he spoke of, on the too few times we met, was home - and Ruthy, mostly Ruthy. After all, I

had spoken to her less than
2 months before I saw Sid -
so I was a welcome courier of
news.

I hear Mrs. Fred Jacobs just
came in a close second in the -
"First Sigma Phi Son" race. In
the money, anyway.

Just got the "Recorder" the other
day, and I'm ready to re-read it.

All for now -

Best wishes to all the gang -

Sincerely,

Jake.
