

July 14, 1922.

Hon. A. R. Benson,
Secretary of State,
Dover, Delaware.

Dear Sir:

I enclose herewith certificate of incorporation of Congregation Beth Shalom, Inc., together with check for \$16.50 to pay the filing fees.

I would request that you do not have the filing of this charter published. This request is very frequently made here in Wilmington with respect to Deeds left for record, lists of which are published in the newspapers regularly, and a request for the withholding of publication is invariably observed. There is no serious objection to publishing same along with other charters but I would prefer for a certain reason that it should not be published and would be obliged if you will have publication withheld.

I also enclose a copy of the charter which I request that you certify and return to me by return mail. I am anxious to get same as soon as possible.

Yours very truly,

AF/RS
