

U. S. NAVY AIR CORPS

Dear Mollye,

Received your letter and was glad to hear from you as usual. I am ~~pretty good and hope you are too~~. Well I met my Mother & Bogie in Chicago this week-end and believe me it was certainly heaven to see them.

Today was a pretty big day for me, I received my orders to re-assign from Great Lakes and I am leaving next week for the West Coast. I always did want to pick oranges in California anyhow. If you have Jimmy Abrams address let me have it will you please so maybe I can look him up, also any other Jewish boys in So. California and vicinity. Well if I keep it up at this pace I'll soon mark my way around the globe and back to Wilmington, I hope so anyway.

How is everything and everybody in Wilmington? I well I hope. You know Mollye we service men consider it a great pleasure and honor to represent a city like Wilmington and a place like this "Y", just keep things like they

were before and we will be more than rewarded
when we can home; which will be soon I am
sure.

Your faithful admirer
Sid Stearns
