

Dear Mollie,

Received your letter and Recorder and there is no words that can tell how happy I was to receive them, but here news of home is worth more than anything else to a fellow.

Everything with me is fine and I'm well and you can't ask for more than that. Old man Nostalgia sort of creeps up on me occasionally but the best remedy for that is work, so work I do.

The "Y" really must be a "pip" now my Mother wrote and told me how beautiful everything was. Wilmington has just about everything for my money anyhow and I think (I know) when I get home again I end the pages on my book of travel.

I noticed in the Recorder where a

Few of the army boys sort of made slanty remarks about the Marines being glory hunters etc. Well I got a big kick out of it as I know how ridiculous that is, You can give those fellows the word because the only thing Marines are interested in is winning this war and getting back home safe.

I haven't heard from Milt Cohen for quite a while I guess he is busy. I met another fellow from Wilmington the other day and although I didn't know him in civilian life we both knew the same people and the game was really beating.

You know Mally I just happened to think you might to send me Dave Bergers address and also Mendel Finis, I may bump into them around here. I guess there isn't much more to write around here now so until

I hear from you which I hope is soon
I'll end with love.

Ad Steelman

P.S. Give my regards to Mr. Jollod and
any of the fellows who are lucky enough
to be home on leave.
